LAST ACT OF TRAGEDY

King Carlos and Crown Prince Laid to Rest.

IN PANTHEON SEPULCHRES

Closing of One of the Most Tragic Incidents in Portuguese History Attended by a Scene Which Developed Almost Into a Disaster.

Lisbon, Feb. 12.—The bodies of King Carlos and Crown Prince Luis Philippe were Monday laid away beside those of their royal ancestors in the sacred sepulchres of the Pantheon.

The official closing of one of the most tragic incidents in Portuguese history was attended by a scene which almost developed into a disaster.

A great crowd, numbering into the thousands, struggled outside the cathedral of San Vincente seeking to enter and view the bodies before the doors were finally closed for the ceremony. Brushing back the police and the guard of royal archers, they poured into the church, sweeping everything before them. A panic was threatened and the cavalry was called out to disperse the pushing thousands.

Women and children were caught in the crush, and many of them were bruised and trampled upon, but no fatalities have been reported.

Ceremony of Entombment.

When the doors eventually were closed to the public the ceremony of entombment was begun. All the ministers of state were present. The patriarch of Lisbon, wearing pontifical vestments and assisted by other high church officials, blessed the sacrament, the cathedral and palace choirs chanted the Libera Me and to the intoning of De Profundis the coffin of the crown prince was transported between double ranks of archons, preceded by a long procession, including mace bearers, acolytes and grand dignitaries of the palace. In a similar manner, the body of the king was borne to the tomb.

Chanting of Benedictus.

After absolution had been given and the chanting of the benedictus, the grand chamberlain solemly swore that the bodies were those of "Our beloved lord and king, his most faithful majesty, Don Carlos I., king of Portugal, and our prince, Don Luis Philippe, duke of Braganza."

Official documents were drawn up and signed and the key of each coffin was given over to the patriarch of Lisbon. When the coffins were placed in the tombs, the cortege separated and the Pantheon was closed.

Premier Ferreira then proceeded to the Necessidades palace to acquaint King Manuel that the obsequies had been concluded.

GAS EXPLOSION DEALS DEATH.

Nine Miners Killed and One Fatally Injured in Kentucky.

Central City, Ky., Feb. 12—Nine miners were killed and one other fatally injured by an explosion of gas in the mine of the Moody Coal company at South Carrollton, three miles from this city, Monday afternoon.

The mine is small and only thirteen men were at work at the time of the explosion.

The accident was caused by a slow blast setting off accumulated gas.

The dead are:

Robert Cook and J. N. Rush, both white men, and seven negroes.

Fatally injured, John Bryant, white.

Each of the victims leave a family.

The three men who escaped reached the bottom of the shaft where they kept clear of the gas.

Money for McIntosh Heirs.

Washington, Feb. 12.—Representative Edwards has introduced a bill providing for the payment to the heirs of John McIntosh, late of the county of McIntosh, Georgia, the sum of $118,081, due McIntosh for services in the revolutionary war. Many of the heirs are now living in Chatham, Liberty and McIntosh counties. The payment is in accordance with resolution of congress of Oct. 21, 1780.

CORPSE SAT ON PILOT.

Church Goers in an Indiana Town Witness Gruesome Sight.

Rushville, Ind., Feb. 12—Teh grim spectacle of the lifeless form of Dr. O. P. Dillon, a prominent local physician, sitting in an upright position on the pilot of a C. H. and D. passenger train was the startling sight which met the eyes of many church goers here Sunday as the train sped through the residence district of the city. The physician had a few minutes before started out to make a country call and was riding in a curtained automobile. Near the tracks he tried to stop his machine when he saw the approaching train, but on account of the icy streets the car skidded upon the railroad track, when the engine struck and completely demolished it

Dr. Dillon was instantly killed, a hole near the base of the brain, however, being the only mark of injury found on the body. Engineer Dooley, who killed ex-Sheriff George Wilson, at this same crossing ten years ago, was unable to stop his train until he had run about three blocks.

DISSOLVED INJUNCTION.

Case of Luckenbach Towing Company and Engineers' Union.

Norfolk, Va., Feb. 12.—Judge McLemore has dissolved the injunction obtained in his court some time ago by the Luckenbach Towing company of Brooklyn, N. Y., by which the Norfolk Marine Engineers' union, its officers and members, were restrained from interfering with its employes on the Luckenbach tugs in an effort to bring on an engineers' strike.

Judge McLemore ruled that no injunction could lie until violence against the plaintiffs, or their property was attempted by the defendants and that members of the engineers' union were within their rights in endeavoring by argument or other fair means to have employees of the plaintiffs quit their employment.

MARKED FOR DEATH.

Said that Czarina Found Terrorist Letter on Infant Son's Bed.

Paris, Feb. 12.—The Memorial Diplomatique publishes a sensational article declaring that the recent report of the assassination of the czar had been based on the finding by the czarina, on the bed of her infant son, a letter containing the announcement that both the czar and the Czarowitz had been marked for death by the terrorist society, and the discovery almost at the same time of several bombs, connected with electric wires and concealed in various parts of the palace at Tsarskoe Selo.

STOLE $20,000 WORTH OF JEWELS

Thieves Enter House While Dinner Party Was in Progress.

Memphis, Tenn., Feb. 12.—While a dinner party was in progress at the home of Frank G. Johns, in Vance av. enue, one of the most fashionable residential sections of the city, last Monday night, thieves entered a second story window and made away with jewels valued at $20,000, the property of Garrett E. Lamb, his wife and daughter, of Clinton, Iowa, the guests of Mr. and Mrs. Johns, and in whose honor the dinner was being given.

Veteran Editor Dead.

New York, Feb. 12.—John W. Oliver, editor of the Yonkers Statesman, died at his home in Yonkers at the age of ninety-two years. He continued in active charge of the paper until last Friday. Mr. Oliver, with his brother Isaac Oliver, founded the Sons of Temperance.

Boni de Castellane Fined.

Paris, Feb. 12.—Count Boni de Castellane, the divorced husband of Anna Gould of New York, was Tuesday found guilty by the correctional court of criminal assault and battery on Prince Helie de Sagon, his cousin, and fined $20. The prince was awarded 10 cents damages.

Idaho to Elect Delegates.

Boise, Idaho, Feb. 12.—Delegates to the national republican convention from Idaho will be elected at Wallace May 12. The date and place were fixed by the state central committee Monday.

PRIMARIES IN OHIO

Selection of Delegates to Republican State Convention.

TAFT HAS STRONGEST PULL

His Political Managers Are Confident that the Convention, Which Assembles in March, Will Be Practically Unanimous for the War Secretary.

Columbus, O., Feb. 12.—Primaries for the selection of delegates to the republican state convention were held in thirty-six counties of Ohio Tuesday.

In fifty-two counties, there was but one list of candidates and no actual vote was taken.

In eleven congressional districts the primaries were either for congressmen directly or to select delegates to congressional conventions.

Opposition to Taft was looked for in two counties only—Knox and Cuyahoga—and the Taft political managers are entirely confident of the result. They expect to have the convention unanimous for Taft, which assembles on March 3, and declare that there is no chance of any anti-Taft men being chosen as delegates to the national convention at Chicago.

Cincinnati, O., Feb. 12.—Republican voters in the first and second congressional district Tuesday went through the form of naming delegates to the state convention, but only one ticket had been named and Taft delegates were chosen.

Gov. Johnson to Speak.

Mobile, Ala., Feb. 12.—Governor Johnson, of Minnesota, has been invited to address the members of the Alabama industrial association at their annual convention here on May 20 and 21.

DARING MOVE MADE.

Captain Takes Out Vessel in Spite of U. S. Authorities.

Mobile, Ala., Feb. 12.—A special from Pensacola says:

Perhaps the most daring move ever made by the master of a foreign vessel was that of Monday when Captain Ray F. German of the steamer Delta, took his vessel from this port notwithstanding the fact that she had been seized by ythe United States marshal and posted as not being allowed to leave port until bond had been given.

The seizure of the vessel was based upon three libel suits aggregating near $8,000.

It is the first case on record along the gulf coast. The attorney general at Washington was requested to take action in the matter and call upon the revenue cutter service to send out a vessel from Key West to make an effort to apprehend the steamer as she passes that point.

ACTRESS' ROOM IS ROBBED.

Miss Barrymore a Victim of Burglars. Lost Large Sum.

New York, Feb. 12—The apartments occupied by Miss Ethel Barrymore were robbed Sunday night, according to reports made to the police. When Miss Barrymore returned to West Fortieth street after an evening spent with friends she was unable to enter her rooms and calling a janitor, the door was forced.

The rooms were found in confusion and a search showed that the burglars had secured $575 in money, a string of opals and a number of trinkets which Miss Barrymore prized as mementos of her mother, Georgia Drew Barrymore.

It was evident that the rooms had been thoroughly searched, presumably for the actress' jewels, but none were found, for the reason Miss Barrymore says, she never had any.

Changes in Southern Road.

Macon, Ga., Feb. 12.—Orders were received here from the Washington headquarters from the Southern to abolish the separate Macon division of the road and merge it with the Atlanta division. Superintendent W. J. Bell was made trainmaster and former Trainmaster O. A. Gunthorpe was made train dispatcher.

CLUB MAKES PROTEST.

Denver Can Amply Accommodate the Crowds at Convention.

Denver, Colo., Feb. 12.—Resolutions deploring the publication of stories in various newspapers throughout the country to the effect that hotel accommodations in Denver will be inadequate to accommodate the crowds that will be in Denver during the Democratic national convention, were adopted at the regular monthly meeting of the Denver Press club. The Denver Press club, which is strictly a newspaper man's organization and is a potent factor in the affairs of the city and state, declares in the resolutions adopted that "Denver hotels are modern and there are enough of them to house comfortably any sized crowd that might be expected to come to the city during the convention."

The resolutions require the newspapers of the country to print the club's protest.

LLOYD MADE CHAIRMAN.

Mississippian Chosen in Spite of Strong Opposition.

Washington, Feb. 12.—In the face of strong opposition by John Sharp Williams, of Mississippi, leader of the minority in the house of representatives, Mr. James T. Lloyd, representative from the first district of Missouri, has been elected chairman of the democratic congressional campaign committee defeating his rival, Mr. Williams' candidate, Representative William H. Ryan, of New York, by a vote of 23 to 14.

Only one ballot was cast and after its announcement the election of Mr. Lloyd was made unanimous on motion of Representative Fitzgerald, of New York, who had the proxy of Mr. Ryan.

Representative Frank Clark, of the second district of Florida, was unanimously elected secretary of the committee.

PASSES SWEEPING MEASURE.

Laws Regulating Hotels Considered by Oklahoma Legislature.

Guthrie, Okla., Feb. 12.—The lower house Monday passed a sweeping measure regulating hotels. Every hotel must be fitted with a prescribed fire escape; nine-foot sheets must be on the beds, and in the dining room "No cup, dish, vessel or receptacle for food shall have cracks visible to the naked eye."

A bill providing that officers of corporations who conceal their books or statements shall be guilty of a felony and subject to not more than three nor less than two years' imprisonment, passed both houses.

HANGING AT BIRMINGHAM.

Negro Who Had Been Thrice Respited Pays Death Penalty at Last.

Birmingham, Ala., Feb. 12.—Henry Thaxton, the negro who was convicted of killing W. E. Hunstucker, white, two years ago, after being thrice respited by the governor, once while on the gallows, was hanged in the jail yard here Monday.

He mounted the scaffold smiling. He began his speech on the gallows by saying: "Friends, I am here once again," and wound up with "thanking you for your attention." He said bad company had gotten him into trouble. His neck was broken by the fall, death being announced in fifteen and a half minutes.

Awful Death in Sawmill.

Montgomery, Ala., Feb. 12.—A special from Dothan, Ala., says that James Hancock, of Ashford, was horribly mangled at a saw mill Monday. His coat sleeve caught in some way in the cogs. At once his body was jerked into the machinery, both arms fractured, his head crushed and many other bones broken. He was dead when extricated.

France at Marseilles.

Marseilles, Feb. 12.—When Senor Franco and his family arrived here on Monday night, a big crowd had assembled at the railway station. Flanked by police, the former premier hurriedly entered a hotel. Senor Franco would not disclose his ultimate destination, but it is generally believed he is going to Italy.

MOB LYNCHED NEGRO

First Had Lively Fight With Soldiers Guarding Him.

TROOPS ARE OVERPOWERED

Negro Was Then Taken from Them, Strung to a Telegraph Pole and Riddled with Bullets—Two Members of Mob Wounded.

Brookhaven, Miss., Feb. 12.—Eli Pigot, the negro who criminally assaulted Miss Williams, a young white woman, in this county several weeks ago, was taken from the custody of the Jackson military company and a posse of deputies Monday morning and hanged from a telegraph pole within less than a hundred yards of the court house where he was to have been tried for his crime. The military empany and the posse were overpowered by a mob of more than two thousand citizens. Several shots were fired during the melee and two members of the mob were wounded.

Mob Attacks the Soldiers.

Pigot reached here shortly after 7 o'clock from Jackson, in custody of Sheriff Frank Greer and under the armed escort of the Capital Guards, ordered into service by Governor Noel to protect the negro from the mob.

When the train stopped at the depot and the sheriff and escort disembarked with the prisoner, the mob surged around them and a fierce hand-to-hand fight ensued, in which flats were freely used and the soldiers clubbed many members of the mob with guns.

Foiled in this attempt to get the negro, the mob came again, and this time secured the prisoner.

Pigot was dragged about fifty yards away. A member of the mob secured a rope and he was quickly swung aloft from the arm of a telegraph pole. The mob then riddled his body with bullets, several hundred shots being fired.

Prominent Men in Mob.

The mob began to assemble here before daylight, coming into town in wagons, on horseback and walking. Its ranks included some of the most prominent farmers in Lincoln county, especially in the neighborhood of the town of Ruth, where the assault by the negro is alleged to have occurred.

By the time the train from Jackson arrived, there were over 2,000 men in the mob at the railroad station. No attempt at concealment was made, not a man in the mob wearing a mask.

The first attempt to take the negro from the military proved futile, the soldiers beating the members of the mob back with the butts of their guns and taking up the march to the court house. Before the court house was reached, however, the mob entirely surrounded the soldiers and swept down upon them.

Judge Wilkinson, who was to have presided upon the negro's trial, witnessed the lynching, but was powerless to prevent the mob from carrying out its purpose.

READY TO BEGIN TERMS.

Mitchell and Strange Will Not Ask for New Trial.

Rome, Ga., Feb. 12.—The attorneys for Professor R. M. Mitchell and Jack Strange, who were tried for murder last week and convicted of murder with a recommendation and voluntary manslaughter, respectively, have announced that they will not ask for a new trial in either case.

The prison commission has been notified that the men are ready to begin their sentences, as soon as they are sent for. Mitchell has a life sentence, and Strange will serve fifteen years, unless pardoned out before the expiration of his sentence. Both parties appear to be satisfied with the outcome of their trials.

To Inaugurate Movement.

Washington, Feb. 12.—Seventy-five delegates met here Monday to inaugurate a movement for the organization of a department of buildings trades of the American Federation of Labor, in accordance with a resolution adopted at the last annual convention of the federation.

NEWS LETTER FROM NATIONAL CAPITAL

Name of Bryan Evokes Applause Among Democr ts.

W. R. HEARST'S REPORTED MOVE

It is Said He Intends to Hold Hearst League Convention in West Between Dates of Other Parties' Meetings—Speaker Cannon Worried.

Special Correspondence The Daily Sun.

Washington, D. C., Feb. 12.—Enthusiasm characterized the discussion of President Roosevelt's recent message on the floor of the House of Representatives last week, and at no time was the applause greater than when Representative Hepburn of Iowa delivered a strong eulogy of the President. From the Democratic side came enthusiastic commendation and seldom has such a tribute been paid to a Republican President by a Democrat as that spoken by Representative Bourke Cockran. During the course of his speech he took occasion to say some nice things about Mr. Bryan which evoked such applause from the Democrats that it was quite a while before he could proceed. "If Mr. Bryan represents the determination to prosecute malefactors for their crimes, and if a rigorous enforcement of the law should result in congesting the criminal courts," said Mr. Cockran, "then the plunderers of millions will be given precedence in the pathway to prison over the pilferers of pennies."

Later in the week the Democratic leader, Mr. Williams, made a speech on the message along lines previously indicated to him by Mr. Bryan. He declared that railroad-rate legislation originated with the Democrats; said that the Democrats must take issue with the President on his recommendation that the railroads be granted the power to pool, and with the President's argument that it was useless to attempt to punish "the men, the flesh, the beings," who violate the law in the name of corporate authority. He further insisted that the Democrats could not agree with the President on the proposition to compel all corporations doing an interstate business to take out a Federal license. Commenting on the omissions in the message, Mr. Williams emphasized the lack of definite tariff revision recommendations, saying, "with the exception of a little insignificant utterance about putting works of art, wood pulp and paper on the free list, he has never raised his voice against the very poison that lies at the heart of your entire system."

There is no little anxiety in Democratic circles in Washington over the reports which have reached here from the West to the effect that William R. Hearst is perfecting an organization and proposes to hold a Hearst League Convention, probably in Indianapolis, between the Republican and Democratic National conventions. It is asserted that Mr. Hearst has secured the services of Charles A. Walsh, former secretary of the Democratic National Committee, and that Mr. Walsh has employed a number of able lieutenants who are assisting him in the work of organizing the Hearst machine, or party. No definite information can be secured as to the purpose of the Hearst movement. Does Mr. Hearst expect to form a third party and nominate himself for the Presidency? Does he expect to develop a strength which will enable him to dictate terms to the Democratic party? Will his movement detract seriously from the Democratic vote? These and a host of other questions are being asked by anxious Democrats who cannot fathom the purpose of the great editor-politician. It had been supposed that because of his extensive newspaper properties Mr. Hearst would not dare to oppose Mr. Bryan and that may be the case, but his present purpose is the occasion of the utmost curiosity and anxiety.

Senator Stone of Missouri has been making an earnest effort to organize the Democrats in the Senate so that they might present an effective resistence to the Aldrich financial bill but he has been checkmated by the persistent opposition of Senators Bailey and Teller, and there is every prospect that the minority will have to content itself with offering a few amendments which might improve the measure, seeing them voted down by the Republicans and then permitting the bill to pass the Senate. Nor it is likely that any effective opposition can be presented in the House. There are doubtless a majority of the members of the House who are opposed to the bill but the Speaker is for it and he rules the lower chamber. Mr. Cannon is himself a banker and a millionaire and he regards the Aldrich bill as eminently satisfactory. If its opponents in the Republican ranks threaten to show their independence there will be a caucus and every Republican will be whipped into the line under the scourge of the party whip.

Speaker Cannon is much worried these days because of the fact that there are certain magazine writers who have been sent to Washington to scrutinize his political record with a view to ascertaining whether he is a fit man to be elected President. It is whispered about in the cloakrooms and lobbies of the Capitol that there are some pages in the political life of the Speaker which would not look well in print, and some of Mr. Cannon's closest friends say that the old and haggard look he has worn recently is due to the fact that he has been told that the "muck-rakers" are close on the trail of certain pages of the record he would be extremely sorry to see in print. However, that is all political gossip.

Mr. Cannon has assured the delegation of the National Manufacturers' Association that there will be no tariff commission created this year. Of course the Speaker is the "standpat" candidate of the Republicans, but it is regarded as a safe prediction that should either Mr. Bryan or Mr. Taft be elected, the President would call a special session for tariff revision early in April, 1909.

East Alabama in Storm's Grip.

Montgomery, Ala., Feb. 12.—A heavy sleet storm is reported east of Opelika, Ala., as a result of which wires are down in that direction. The Western Union, the Postal and the long distance connection were cut off all Monday, and repair gangs rushed out from the nearest stations to remove obstructions and repair the wire lines. The Western Railway of Alabama had a wire to LaGrange, Ga., part of the morning in working condition, but proved unreliable further than to Opelika.

HIGH SPRINGS NEWS.

Postmaster Glass Reappointed—Arbor Day Appropriately Observed.

High Springs, Feb. 12.—The many friends of George Glass are pleased to learn that he has received from General Hitchcock, First Assistant Postmaster-General, his reappointment as postmaster of the High Springs office. Mr. Glass has held the office for eleven consecutive years, and by his accuracy, promptness and efficiency has given universal satisfaction.

The High Springs public school, under the direction of Prof. W. H. Main, is this year doing the best work known in its history. The patrons are very much gratified over its condition, and the citizens in general are delighted with the state of educational matters in High Springs. The following program was rendered on Arbor day:

WHAT IS WRONG?

Many People in Gainesville Are Asking That Question of Late.

Within the last few weeks more people in Gainesville than usual have been complaining of sneezing fits, tickling in the throat, stoppage of the nose, coughing spasms, raising of mucous, droppings in the throat and offensive breath, and have asked themselves: "What is the matter?"

The trouble comes from catarrh, and unless they take immediate steps to remedy their condition, the disease will increase and spread through the delicate mucous membrane that lines the air passages, resulting in chronic disease.

At the first symptoms of catarrh, Hyomei should be used. J. W. McCollum & Co. sell it under a guarantee to refund the purchase price of $1 for the complete outfit to anyone who is not satisfied with the results. You certainly can afford to use Hyomei under an offer like this. Get it now and be cured of catarrh.

KILLED IN PISTOL DUEL.

Former Resident of Griffin Shot to Death at Meridian, Miss.

Meridian, Miss., Feb. 11.—In a pistol duel here between Oscar L. Hatcher, a farmer, and Robert Taylor, a contractor, the former was killed in the lobby of a crowded office building, the latter thrice wounded and James Hamm, a bank clerk, was slightly injured by a stray bullet. Taylor's injuries are considered dangerous.

The trouble was the outgrowth of family differences.

Hatcher was formerly a resident of Griffin, Ga. and is the son of R. E. Hatcher, now living at that place.

"I suffered habitually from constipation. Doan's Regulets relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

Government Invites Proposals.

Washington, Feb. 12.—Proposals have been invited for the construction for a new cable steamer and mine planter, plans for which have been completed. The war department wants one of these vessels on the Pacific coast for coast artilleries there. If the work cannot be done there, it is probable that one of the mine planters on the Atlantic will be sent to the Pacific.

Liver Pills

GOOD BLOOD

NATURE'S PROTECTION AGAINST DISEASE

The preservation of health and prevention against disease is almost entirely dependent upon pure, healthy blood; every organ, tissue, nerve and sinew of the body draws on this vital fluid for nourishment and strength. Poisons, humors and germs from various sources often get into the blood, and then this great life-stream becomes a source of infection and disease, instead of a nourishing, health-sustaining fluid. Heredity is likewise an important factor, regulating the quality of the blood. Some persons are born with tainted blood from diseased ancestry, and Scrofula in one of its numerous forms is sure to crop out some time in life. Not only poisons in the blood are responsible for disease, but when the circulation is run down and becomes poor and weak in quality, then we see the effect in a general bad condition of health, such as weakness, sallow complexions, boils, and various skin eruptions. All blood troubles require a tonic and blood purifier, and none other equals S. S. S. It goes down to the very foundation of the trouble, and removes every particle of the poison or impurity from the blood. And not only does S. S. S. antidote the poisons, humors and germs, but it possesses health-giving, tonic properties, which build up and strengthen weak, impoverished blood, and fortifies the system against disease. S. S. S. permanently cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Eczema, Tetter, and all other skin diseases and disorders. Book on the blood and any medical advice free.

HISTORICAL MEETING OF FINLEY CHAPTER

One of the Most Enjoyable and Successful Functions of Season.

MRS. COOLEY WAS PRESENT

Was Guest of Honor, and Delivered a Most Interesting Talk Along Historical Lines—Program Throughout Very Interesting.

One of the most successful social functions ever held in this city was the historical meeting of J. J. Finley Chapter, United Daughters of the Confederacy, which was given at the elegant home of Mrs. J. L. Medlin, 206 East Main street N., Tuesday evening. It was a function largely attended also, as the ladies of the Chapter and their friends, and many members of Stonewall Camp, United Confederate Veterans, to whom a special invitation had been extended, were present. The faculty of the University was also well represented, many members attending with their wives, and the ministers of the various churches, with one or two exceptions, with their wives, were present. Owing to circumstances over which they had no control, in one or two instances it was impossible for the ministry to be present.

Early in the evening the elegant home, which is one of the most attractive in the city, was brilliantly illuminated, and the decorations of red and white flowers and miniature Confederate flags, showed to excellent advantage under the shaded chandeliers. The most exquisite taste was displayed in the arrangements of the decorations. The floral decorations were generously supplied by friends of the Chapter throughout the city.

In the receiving line were the local president, Mrs. J. M. Taylor. Next to her was Mrs. R. C. Cooley of Jacksonville, corresponding secretary of the General Division, U. D. C.; Mrs. John Chesnut, second vice-president of the State division; Mrs. J. L. Medlin, third vice-president of the State division; Mrs. J. L. Kelley, second vice-president; Mrs. J. M. Rivers, registrar, and Miss Marguerite Stringfellow, recording secretary of J. J. Finley Chapter, and Mrs. J. D. Stringfellow, directress of Mildred Lee Chapter, Children's Auxiliary.

The program, which, suggestive of its purpose, was along historical lines, being memorial and reminiscences of the Old South expressed in song and story, and was most admirably carried out.

After a few brief but interesting introductory remarks by the president, Mrs. Cooley, the guest of honor, was presented, and was received with enthusiasm. Mrs. Cooley made a very interesting talk along general historical lines, chiefly alluding, in a most impressive manner, to the errection of Arlington monument by the general organization of the U. D. C., which she described as one of the noblest acts the Daughters ever accomplished. Her remarks were well delivered and well received, at the conclusion of which she received a hearty and enthusiastic ovation.

Following Mrs. Cooley was an appropriate vocal selection by Mrs. C. E. Dunham, accompanied on the piano by Miss Ida Burkhim. Mrs. Dunham is possessed of a peculiarly sweet voice, and her services are always in demand and generously given at social entertainments, where she adds much to the pleasure of her friends. Miss Burkhim, being a talented musician, is also in demand at all functions where superior talent is required, and she is always glad to assist in such work. Mrs. Dunham was so heartily encored at the conclusion that she was compelled to respond, when she rendered in a beautiful manner that good old Southern selection, "Old Kentucky Home."

Next on the program was a historical talk on the life and character of General J. J. Finley, that devoted Southerner whose honored name the Chapter bears. This was delivered in a most interesting manner by the Chapter President, Mrs. J. M. Taylor, and commanded the closest attention of her hearers.

One of the most enjoyable features of the evening in the line of vocal music, and which was somewhat of a deviation, was a song in German by Miss Schmidt, sister of Prof. Karl Schmidt, of the University faculty. The young lady, who has a magnificent voice, was accompanied on the piano by her sister, who is also a talented musician. Miss Schmidt's work was highly appreciated by those who heard it.

Following Miss Schmidt, "the ladies of the 60's" rendered "Way Down Upon de Swannee Ribber," which was accompanied by Mrs. C. L. Crow on the piano. This old-time Southern melody had a tendency to stir up the enthusiasm of those present, especially the veterans who joined in the song with full vigor, and the walls of the elegant Medlin home fairly trembled under the notes. Next to "Dixie," this melody holds the warmest spot in the heart of the old Confederate, and it has been adopted by the State division of the U. D. C.

Miss Alice Thomas performed at the piano during the evening, and was the accompanist when the veterans present concluded the literary and musical part of the program by singing "Dixie."

During the evening elegant refreshments were served by the young ladies, those serving being the young lady members of the Chapter, Miss Marguerite Stringfellow, Lucia Patton, Elise Walker, Bessie Kelley, Mabel Voyle and Alice Thomas.

Mrs. L. P. Lawrence of Orlando, acting first vice-president of the State division, who was invited by the Chapter as a guest of honor, was unable to be present on account of illness, much to the regret of the Chapter, but she has promised to be with them at a later date.

Mildred Lee Reception.

At 4 o'clock Wednesday afternoon Mildred Lee Chapter, the Auxiliary children's association, held a delightful reception at the home of Mrs. Geo. K. Broome, North Pleasant street, which was also well attended, and at which Mrs. Cooley was the guest of honor.

In the receiving line at this function were Miss Francis McDowall, president; Miss Eloise Douglass, first vice-president; Miss Francis Waugh, second vice-president; Miss Julia Patton, recording secretary, Davis Douglass, corresponding secretary; Miss Elizabeth Taylor, treasurer; Lawrence Kelley, Jr., registrar.

Mrs. Cooley, who seemed to appreciate keenly her surroundings, addressed the young people, the coming Daughters and Sons of Veterans, on their future work and what was expected of them to keep the fire of loyalty kindled, and offered a premium to members of Mildred Lee to the member who will send her by April 25 of the present year the best handiwork in making the Confederate battle flag, same to be decided by a committee.

The afternoon was passed in a most enjoyable manner, during which delicious refreshments were served.

Gainesville Dental Offices.

Open Feb. 15

Dr. Geo. S. Waldo, after many unavoidable delays, is ready to open the doors of his new offices to the citizens of Gainesville and vicinity. Dr. Waldo offers strictly high-grade dental work at prices far below the usual charges of other responsible dentists, yet there will not be the slightest deviation from the Highest Standard. Every piece of WORK is GUARANTEED and every ounce of material the best obtainable. If persons tell you this class of dental work cannot be given at Dr. Waldo's prices, a visit to his office will readily convince you to the contrary.

BASEBALL TOMORROW.

University and High School Teams Will Contest.

The local fans will have an opportunity of witnessing the first baseball game of the season tomorrow afternoon, when the teams of the University of Florida and the High School will meet at the park. It is probable that several of the best players about town will be added to the High School team in order to make it as strong as possible.

The University boys expect to go to DeLand for games with Stetson University on the 21st and 22nd, and are desirous of getting some good, hard practice—which the school boys say they can "hand" them.

The game will be called at 3 o'clock, and the admission has been placed at the low figure of 15 and 25 cents. Another game will be played on Saturday between the same teams.

A Stitch in Time

Will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for coughs, colds, bronchitis and whooping cough. Mrs. S.——, Hot Springs, Ark., writes: "I keep a bottle of Ballard's Horehound Syrup in my medicine chest, and thank my forethought many times. It has prevented many severe spells of sickness." Sold by W. M. Johnson.

Valentine Card Party.

Mrs. J. B. Dell, Jr., entertained a number of friends at her home on East Orange street with a Valentine card party Tuesday afternoon, which was well attended, and it is needless to add greatly enjoyed.

There were eight tables. Whist was the game, and it was played with a great deal of enthusiasm. At the conclusion the prize, a handsome book, was awarded to Mrs. E. E. Cannon, who cut for honors with Mrs. Thornton Stringfellow.

Delicious luncheon of quail on toast, salads, coffee, etc., were served, and were highly appreciated, especially since they were much out of line of the ordinary.

The home was tastefully decorated in red flowers, and red candles adorned the place at convenient intervals.

The score cards also carried out the same effect.

FOR YOUR SUNDAY DINNER

try the following delightful dessert.
1 cup English Walnut meats.
¼ doz. figs, cut up fine.
1 K.J. package JELL-O, any flavor.
Dissolve the JELL-O in a pint of boiling water. When cool and just commencing to thicken stir in the figs and nuts. Serve with Whipped Cream. Delicious. The walnuts, figs and JELL-O may be bought at any good grocery. This makes enough dessert for a large family and is very economical.

DEMOCRATIC HARMONY.

The nearest approach to harmony where it is most needed in the Democratic party has been exhibitetd by the utterrified Democracy of New Jersey. The leaders of all factions joined together in a banquet at the New Auditorium in Newark in honor of State Chairman Robert S. Hudspeth, who made the fight in the last campaign. Aside from the tribute to the chairman the object of the gathering of the 400 leaders of the party from all sections of the State was to get together for the redemption of New Jersey. Success attended these efforts, for the names of Bryan, Harmon, Johnson, Gray, Culberson and Daniel were mentioned and cheered with apparent impartiality. Harmony and victory were the keynote of all the speeches.

As New Jersey, like New York, is necessary to success in the coming campaign, this hopeful outlook for all Democrats unitedly for the support of any ticket that may be nominated is an omen of success that will encourage Democrats everywhere. If the discordant elements can unite in New Jersey there can be no good reason for discord elsewhere.

VELVET BEANS.

Press Bulletin No. 81, by John M. Scott of the Florida Agricultural Experiment Station, gives the following valuable information regarding the velvet bean:

It has only been within the last few years, perhaps not over fifteen years, that we have considered the velvet bean of any economic value. Since that time we have found it to be one of the best soil renovators, a weed eradicator (when used as a cover crop), and also an excellent feed for beef and pork production. The velvet bean belongs to the group of plants known as legumes. A plant of this group has the power to extract the nitrogen from the atmosphere and may deposit it in the soil. In this way it builds up or improves the soil upon which it grows. When any feed stuff that is rich in ammonia is fed to animals, only a part of the ammonia is retained in the animal body (ammonia in feed stuffs is called protein); hence the manure produced is rich in ammonia. It should be remembered that ammonia is the most costly of the fertilizer elements that we have to buy. Therefore if we can produce it on the farm and at the same time grow a good crop of feed, it serves us a double purpose.

Numerous reports have been received at the Station regarding the yield of velvet beans, varying from eight to forty bushels per acre. This fall we picked four measured acres. On three of these the yield averaged 2,258 pounds of beans in the pod, or 22.5 bushels or shelled beans per acre. These had been drilled in rows four feet apart. On the fourth acre, which was planted with corn in alternate rows (that is, the rows of beans were eight feet apart, with a row of corn between), the yield was 2,035 pounds of beans in the pod, or 20.3 bushels of shelled beans per acre.

The yield of 22.5 bushels per acre was obtained on very light sandy land. It is probable that if these had been planted on good land the yield would have been greater. At the present time we have no data as to the yield of hay from this crop, but it is likely to be from two to four tons per acre.

We have collected the following data: A common flour barrel full of dry beans in the pod weighs 90 pounds, which will thresh out 54 pounds of clean beans, or 60 per cent. of the gross weight. One bushel of good clean beans weighs 60 pounds.

Comparing the feeding value of cottonseed meal and velvet beans in the pod, we find that good bright cottonseed meal (7.5 per cent. ammonia) is 2.4 times as rich in digestible protein (muscle and bone-producing material), and three times as rich in fat; while the velvet bean in the pod is three times as rich in digestible carbohydrates (fat-producing material). In other words, if cottonseed meal is worth $30 per ton, velvet beans in the pod are worth $20 per ton. There is an important point that we should remember, and that is velvet beans do not have to be harvested. Cattle, hogs and horses can be turned into the field to pasture, and in this way the expense of havesting, which means about $5 per acre, is saved.

Every farmer and stock-raiser ought to grow a few acres of velvet beans each year. They are undoubtedly the cheapest—if not the best—feed for cattle, hogs and horses, and they are a very easy crop to raise. At the same time that the crop is growing on the land it is improving the soil, and for this reason it is an excellent crop to use in a rotation. Velvet beans grown on foul land (that is, land badly infested with noxious weeds) will in a year or two free the ground from weeds. This is due to the rank growth of the vines (which often attain 20 to 30 feet in length), and to the great mass of leaves covering them. The leaves shade the ground so completely as to choke out all weeds.

The velvet bean is a rapid grower and does well on all kinds of land, except on wet or boggy ground.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. TRAINED NURSING.

The trained nurse goes into battle encouraged by none of the blood-stirring incitements of the soldier. She is often entirely alone; her struggle must be quiet, and her antagonist is grim and terrible and ever watchful, because it is Death itself. Suppose it is you yourself who are suddenly smitten in the midst of your life and work, says Anne O'Hagan in The February Delineator. With the coming of the trained nurse you feel infinite relief and thanksgiving. You are no longer obliged to struggle alone, to watch the door alone lest that Other One enter. The nurse, calmest of warriors, least grim of sentinels, sits beside your bed and will keep the vigil for you. You transfer the battle to her. For yourself, you will lie still and think—not of the combat before you, not of the turmoil behind you—that whirling, dusty conflict of the world which was so important a little while ago—but of the great, important things—earth and its greenness, the wide, white, country skies on moonlight nights, the flash of bluebirds' wings in the September sunshine, all the daily miracles you had forgotten to watch when you were hurrying to those manifold appointments of yours. Now you are in the region where only "the mightier movement sounds and passes, only winds and rivers, only life and death."

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Forgie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ills so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

NEWS OF CITY AND COUNTY CONDENSED

Mr. and Mrs. W. L. Godwin and son, Willie Lee, returned yesterday to their home at Fairfield, after a brief but pleasant visit to Mr. and Mrs. D. E. Godwin and family in this city. They were accompanied on their return by Mrs. D. E. Godwin and little son, James Elmore, who will remain as their guests until Sunday or Monday.

Mrs. R. C. Cooley of Jacksonville, general corresponding secretary of the United Daughters of the Confederacy, who was invited here as a guest of honor of the J. J. Finley Chapter, U. D. C., at its historical meeting Tuesday evening, is still in the city, a guest of Mrs. W. B. Taylor. Mrs. Cooley is deeply interested in U. D. C. matters and other matters of interest to women, and her numerous friends here are delighted at an opportunity to see her.

Among the visitors to this city is Perry G. Ramsey of Wacahoota, one of the leading planters of that section. Mr. Ramsey served the people of this county faithfully as a county commissioner, and, at the earnest solicitation of a number of his friends who realize and appreciate his worth, he has consented to make the race for sheriff the coming campaign, announcement of which will appear at the proper time. No citizen of his section of the county is more widely known or more popular than Mr. Ramsey.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE CIRCUIT COURT.

Docket Cleaned Up for Week, and Court Adjourned Until Monday.

The circuit court convened at 9 o'clock Wednesday morning, when the following cases were taken up and disposed of:

Everett Ridley & Co. vs. Ira J. Carter, assumpsit. Jury called and sworn, when plaintiff took non-suit. T. B. Ellis of this city and J. P. Lamb of Live Oak represented the plaintiffs, while Carter & Layton appeared for the defendant.

Wings-Crump Shoe Company vs. Ira J. Carter, assumpsit. Jury sworn, argument submitted, and verdict returned for plaintiff in the sum of $373.

Everett Ridley & Co. vs. Carter & Patterson, assumpsit, dismissed on motion of plaintiff.

T. E. Owens vs. Y. C. Killebrew and J. E. Gardner, assumpsit. Jury called and sworn, evidence submitted, and verdict returned in favor of defendants. Carter & Layton represented plaintiff, J. M. Rivers defendant.

Several cases were dismissed, which completed the cases set for the present week, after which the court adjourned until Monday morning at 9 o'clock.

Former U. S. Marshal Suicides.

San Antonio, Tex., Feb. 12.—Gen. L. Riebrecht, who one year ago resigned his position as United States marshal of the western district of Texas, committed suicide at his farm near here Monday morning. Ill health caused the act. He was sixty-three years of age and leaves a widow and eleven children.

Bench Show Opened.

New York, Feb. 13.—The annual bench show of the Westminister Kennel club, opened at Madison Square Garden Tuesday. It is expected that more than two thousand dogs, among them some of the best animals in the country, will be benched. Nearly every known breed has been classified.

Darrow Leaves Hospital.

Los Angeles, Cal., Feb. 12.—Clarence Darrow, the Chicago attorney, who has been in the California hospital here for some time, left Monday for Chicago, where he will conduct the defense of a friend which he was compelled to drop at the time he came here.

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order,

G. L. KITE.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens.

Respectfully,

CHAS. FINKOSON.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support and soliciting your votes at the coming election, I am,

Very truly,

BEN T. ARNOW.

PROHIBITION TEST CASE.

Supreme Court of Georgia May Be Appealed to for Decision.

Augusta, Ga., Feb. 12—The prohibition test case was heard in the city court Saturday afternoon. The charge upon which the test is being made is that against Frank McNeile, who, by arrangement, sold Bailiff Storgess a bottle of whisky for 50 cents. The defense has filed a blanket demurrer, denying the fact that they have violated any law because no such act as the prohibition law exists. It is contended that the document printed in the acts of 1907, and which is sought to be enforced, was never passed by the legislature and never signed by the governor. They further set out that it is obligatory on the party of the state to provide a common school fund which must be raised by specific provision by taxation of liquor. A number of clauses of the constitution of 1868 are cited in the showing that the law is not a solid and legal one.

It is further contended that the law is not constitutional.

The demurrer was overruled and the case will be appealed to the supreme court of the state. By announcement of counsel the fight is to be a long and hard one and will probably go into the federal courts in a very short time.

TWO TO HANG FRIDAY.

Negroes Convicted of Jethro Jones' Murder to Pay Death Penalty.

Carrollton, Ga., Feb. 12.—The motion for a new trial made by counsel for Charlie and West Summerlin, convicted of the murder of Hon. Jethro Jones, of this county, at a call term of the superior court, and sentenced to be hanged on the 14th instant, was overruled by Judge R. W. Freeman, and it is understood from counsel that they will not carry the case to the supreme court, and, according to this turn of the case, these two negroes will be hanged in the common jail of this county on next Friday.

The three negroes charged with being present and stealing cotton at the time Mr. Jones was killed will be sent to the penitentiary for five years each.

Appeal for Aid Made.

Philadelphia, Feb. 12.—An appeal for aid for destitute people in the Kensington mill district of Philadelphia one of the greatest industrial centers in the world, was made at the meeting here of the Central Labor union. The union appointed a committee to act on the plea of a delegation of textile workers who claimed that from 35,000 to 50,000 men, women and children in the Kensington district, are in need of relief.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

The Farmer's Wife

is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science in the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

DEATH BLOW TO "TIGERS."

Heavy Sentences Imposed by Judge Eve for Liquor Violations.

Augusta, Ga., Feb. 10—Judge W. F. Eve threw a bomb among the blind tigers Friday in his sentence of J. E. Allen and Fred Elliott, two white men convicted of having liquor for the purpose of sale.

It had been rumored that the sentence would be served, but the reality proved worse than the talk. Allen was given a fine of $600 and six months in jail, and Elliott a fine of $400 and four months' confinement.

This is believed to be the first jail sentence for violation of the new prohibition law in the whole state. Judge Eve announced that he expected this would put an end to the tigers in the county, but if it did not he would apply the limit to the next offenders and give them twelve months in the chaingang instead of merely sending them to jail.

SHOT WIFE AND SELF.

Domestic Trouble Results in Tragedy at Lincoln, Ala.

Talladega, Ala., Feb. 10.—J. C. Cotton, a farmer living near Lincoln, this county, Friday afternoon shot and killed his wife and then blew out his brains.

Cotton, it is said, accused his wife of intimacy with another man. He shot at her twice and missed, and as she fled he reloaded his gun and shot her, it is said, in the back of the head.

After remaining on the premises about half an hour, Cotton lay down beside his wife and literally blew the top of his head off. The family was one of moderate circumstances, of the tenant class.

LARCENY CHARGE MADE.

Two Indictments Returned Against the Banker, Charles Morse.

New York, Feb. 12.—Two indictments were returned Monday by the special grand jury of New York, which is now investigating banking methods as disclosed by the recent panic.

It was announced that the indictments were against a man "who is now coming across the ocean."

Justice Bowling fixed bail in each indictment at $10,000.

It was learned the two indictments were against Charles W. Morse, the banker, and charged him with grand larceny.

Third Suicide in Fort Worth Within Thirty-Six Hours.

Fort Worth, Tex., Feb. 12.—When J. M. Lusk, former superintendent of the State Epileptic Colony at Abilene, committed suicide by shooting through the head Monday night because of despondency, it registered the third tragic death of the sort in thirty-six hours, all occurring within a radius of four blocks, on Main street, the principal thoroughfare of the city.

Senor Gomez Unseated.

Manila, Feb. 12.—After a series of exciting sessions Senor Gomez was unseated by a vote of 40 to 35 Monday. The assembly has done little else but consider Senor Gomez since convening its regular session on Feb. 3. Senor Gomez made a sensational appeal on Feb. 10, in which he accused the party leaders of playing him false. The speaker was compelled to call him to order before the vote was taken. The action of the assembly declares his election void.

Indictment Brought.

Lexington, Ky., Feb. 12.—The first indictment ever brought in Fayette county against a so-called trust was returned by the Fayette county grand jury Monday against the American Tobacco company on a charge of conspiracy. This indictment is the result of investigation of the tobacco situation in this city and county to determine whether the charges made by members of the Society of Equity were true.

No News of the Bluefields.

Philadelphia, Feb. 12.—No word has been received of the overdue steamship Bluefields, running under charter between this city and Jacksonville for the Southern Steamship company. It is feared the Bluefields foundered on the night of January 22, when one of the worst storms known for years swept the Atlantic coast. The vessel was in command of Captain Higgins and had a crew of eighteen men. The Bluefields is about two weeks overdue.

Indicted for Conspiracy.

Portland, Ore., Feb. 11.—Former United States District Attorney John H. Hall, indicted for conspiracy with the Butte Creek Land, Live Stock and Lumber company to maintain an alleged illegal fence which inclosed 20,000 acres of public land in Wheeler county, has been found guilty. The trial has been in progress since Jan. 13, and has been in progress since 18, and has been bitterly fought on both sides.

BURIED IN CEMENT.

The Story of an Arab Boy Who Renounced Mohammedanism.

According to history, there was born about the year 1520 an Arab boy named Geronimo. He was captured in infancy by the Spanish garrison at Oran and when about eight years old he escaped from his captors and went back to his family, living as a Mohammedan until the age of twenty-five. He then voluntarily returned to Oran and resumed the Christian life which he had adopted previously when in the hands of the Spanish authorities. A few years later he went on a coasting raid with a party of Spaniards, but the raiders were themselves captured by a Moorish corsair and brought to Algiers. Here the attempt was made to convert him to Mohammedanism, but he persistently refused to embrace that faith, so that he was tried and condemned to die. His hands were tied behind his back, and he was cast alive, face downward, into a block of concrete then being prepared for the Fort des Vingt Quatre Heures, then building. Careful note was taken of the spot by Haido, a Spanish Benedictine missionary to Algiers, who prayed the time might come when the Lord would pave the way for his exhumation and Christian burial. In 1853 the French found it necessary to destroy the fort, and the data left by Haido were found to be correct, for the designated block of concrete on being cut open disclosed the bones of Geronimo and the cavity left by his body. The bones were removed Dec. 27, 1853, and given Christian burial, and they now rest in a massive stone sarcophagus in the cathedral. A plaster cast was made of the cavity and afterward photographed.—Cement Age.

AN UNCONQUERED PEAK.

Lizard Head on Mount Wilson Has Defied the Climbers.

The mountains and peaks of the San Juan in northwestern Colorado present a different appearance from any of the northern Rockies.

They are grander, more precipitous, with sharper pinnacles and more jagged in outline. In height Mounts Massive, Elbert and Blanca slightly outrank those of the San Juan, but nowhere else can be found whole groups of mountains rearing their heads to and above 14,000 feet.

Mount Wilson—14,250 feet—the dominant peak, is one of the most massive in the entire Rocky mountain range. Just east of this mountain is the remarkable trachyte obelisk called Lizard head. The vivid imagination of an early pioneer who had been "seeing things" is said to be responsible for the name.

The summit is 14,160 feet above the sea. From a ponderous base the pinnacle rises 290 feet, with a diameter at the foot of only about sixty feet, gradually tapering to less than half that at the top.

Lizard head has defied all attempts of mountain climbers to reach its summit. The foot of the pinnacle is easily accomplished, but thus far the steep sides of the 290 foot shaft have proved insurmountable. No doubt the time will come when the venturesome mountain climber will find a way, but many a failure is the record of the past.

Trains circle this mountain for miles on the way from Telluride to Rico.—New York Post.

Two Horse Tales.

An Albanian who had been in an eastern state while freshets were in full swing told the following about a horse which had been attached to a footbridge crossing a brook to keep the structure from going adrift. The flood finally swept horse and bridge down stream. Later the bridge was discovered lodged against the bank, with the horse sitting quietly on the former.

A bystander who had listened intently to this tale remarked quietly:

"I see suthin' similyar oncet."

"Indeed? What was it?" asked the story teller.

"Ye see," was the reply, "arter the hoss I see was took down stream nobuddy ever 'spected to see him alive ag'in. But he was a pow'ful sort o' brute, an' 'bout a hour afterward we see him a-comin' up stream a-pullin' the blame old bridge arter him!"—Albany Journal.

Mortar Tossers.

There is no hod carrying in Japan. The native builders have a method of transporting mortar which makes it seem more like play than work—to the onlooker. The mortar is mixed in a pile in the street. One man makes this up into balls of about six pounds weight, which he tosses to a man who stands on a ladder midway between the roof and the ground. This man deftly catches the ball and tosses it up to a man who stands on the roof.—San Francisco Chronicle.

Retrenching.

"I tell you, they are retrenching."

"But they still have their auto."

"Which they run well within the speed limit. Bah!"—Louisville Courier-Journal.

AN OLD TIME ASCENT.

London's First Balloon and the Great Excitement It Raised.

Tremendous excitement was caused when London's first balloon went up. The balloon, manned by a young Italian named Vincent Lunardi, ascended from Moorfields, then an open space of ground, on Sept. 15, 1784, in the presence of more than 100,000 spectators. All business was suspended, the king himself setting the example by adjourning a cabinet council that happened to be sitting. Vast crowds followed the balloon's course, some on horseback, in carts, in chaises, but mostly on foot. The Great North road, above which the aeronaut sailed for some distance, was a roaring river of humanity.

Many were hurt in the crush, but the only fatality recorded was the death from fright of an old country woman, who, coming out of her cottage to see what the excitement was about, beheld the balloon just above her head. On the other hand, Lunardi undoubtedly saved one man's life, a jury bringing in a verdict of not guilty on a notorious highwayman in order that they, the prisoner and the judge who was trying the case might rush out of court to see the balloon.

The aeronaut descended eventually near Ware, in Hertfordshire, where his sudden drop from the clouds was the cause of more astonishment and excitement. Many of the spectators swooned with fear, while others urged the putting of Lunardi to death there and then on the ground that he must needs be a sorcerer and in league with the evil one.

Small Necked New Yorkers.

Statistics furnished by manufacturers of shirts and collars indicate that the average New York man has a smaller neck than his out of town brother. Comparison of orders shows that out of a given volume of business booked Boston and Chicago led in the matter of big sizes. Inquiry at several haberdashery shops in Manhattan resulted in the information that any number larger than sixteen and a half would have to be specially called for from the factory or had through the selling agent. In other cities it is an everyday experience to sell as high as size eighteen over the retail counter. Of course the element of snug fit is a factor, but as a regular proposition eastern and western men are more "bull necked" than is the case with their New York brethren.—New York Press.

Dried Elderberry Leaves in Asthma.

"If you will gather leaves from an elderberry bush when they are green and let them dry and then put them into a pillow and sleep upon them nightly for about three months," said a Petersburg (Tenn.) man, "they will cure the worst case of asthma. After they are dried the leaves have a peculiar but pleasing odor. By inhaling this odor the asthma is cured. I know a number of people who cured themselves of asthma by sleeping on dried elderberry leaves."—Nashville Tennessean.

Heaven's Secrets.

The following is a true story, vouched for by a correspondent: Her little boy of seven years of age said to her one day: "Mother, I know why it is that babies cannot speak until they are twelve months old. It is because they come straight from heaven, and if they were able to talk as soon as they were born they would tell the secrets, and so God doesn't let them speak until they have almost forgotten them."—London Methodist Times.

Pomp of English Mayors.

Chichester arms its chief magistrate with a gold mounted malacca cane of office, while the mayor of Guildford carries the stick presented to the borough by Queen Elizabeth. At York both the lord mayor and lady mayoress are equipped with the silver mounted oak staves which have marked their authority for centuries. Among the official retainers of the mayor of Ripon is the municipal horn blower, who every night at 9 o'clock winds three blasts upon this aged musical instrument before the mayor's residence and again at the marked cross.—London Standard.

Hardened.

"Listen to this, Maria," said Mr. Stubb as he unfolded his scientific paper. "This article states that in some of the old Roman prisons that have been unearthed they found the petrified remains of the prisoners."

"Gracious, John!" replied Mrs. Stubb, with a smile. "I suppose you would call them hardened criminals."

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.

LAST ACT OF TRAGEDY

King Carlos and Crown Prince Laid to Rest.

IN PANTHEON SEPULCHRES

Closing of One of the Most Tragic Incidents in Portuguese History Attended by a Scene Which Developed Almost Into a Disaster.

Lisbon, Feb. 12.—The bodies of King Carlos and Crown Prince Luis Philippe were Monday laid away beside those of their royal ancestors in the sacred sepulchres of the Pantheon.

The official closing of one of the most tragic incidents in Portuguese history was attended by a scene which almost developed into a disaster.

A great crowd, numbering into the thousands, struggled outside the cathedral of San Vincente seeking to enter and view the bodies before the doors were finally closed for the ceremony. Brushing back the police and the guard of royal archers, they poured into the church, sweeping everything before them. A panic was threatened and the cavalry was called out to disperse the pushing thousands.

Women and children were caught in the crush, and many of them were bruised and trampled upon, but no fatalities have been reported.

Ceremony of Entombment.

When the doors eventually were closed to the public the ceremony of entombment was begun. All the ministers of state were present. The patriarch of Lisbon, wearing pontifical vestments and assisted by other high church officials, blessed the sacrament, the cathedral and palace choirs chanted the Libera Me and to the intoning of De Profundis the coffin of the crown prince was transported between double ranks of archons, preceded by a long procession, including mace bearers, acolytes and grand dignitaries of the palace. In a similar manner, the body of the king was borne to the tomb.

Chanting of Benedictus.

After absolution had been given and the chanting of the benedictus, the grand chamberlain solemly swore that the bodies were those of "Our beloved lord and king, his most faithful majesty, Don Carlos I., king of Portugal, and our prince, Don Luis Philippe, duke of Braganza."

Official documents were drawn up and signed and the key of each coffin was given over to the patriarch of Lisbon. When the coffins were placed in the tombs, the cortege separated and the Pantheon was closed.

Premier Ferreira then proceeded to the Necessidades palace to acquaint King Manuel that the obsequies had been concluded.

GAS EXPLOSION DEALS DEATH.

Nine Miners Killed and One Fatally Injured in Kentucky.

Central City, Ky., Feb. 12—Nine miners were killed and one other fatally injured by an explosion of gas in the mine of the Moody Coal company at South Carrollton, three miles from this city, Monday afternoon.

The mine is small and only thirteen men were at work at the time of the explosion.

The accident was caused by a slow blast setting off accumulated gas.

The dead are:

Robert Cook and J. N. Rush, both white men, and seven negroes.

Fatally injured, John Bryant, white.

Many of the victims leave a family.

The three men who escaped reached the bottom of the shaft where they kept clear of the gas.

Money for McIntosh Heirs.

Washington, Feb. 12.—Representative Edwards has introduced a bill providing for the payment to the heirs of John McIntosh, late of the county of McIntosh, Georgia, the sum of $958,081, due McIntosh for services in the revolutionary war. Many of the heirs are now living in Chatham, Liberty and McIntosh counties. The payment is in accordance with resolution of congress of Oct. 21, 1780.

CORPSE SAT ON PILOT.

Church Goers in an Indiana Town Witness Gruesome Sight.

Rushville, Ind., Feb. 12—Teh grim spectacle of the lifeless form of Dr. O. P. Dillon, a prominent local physician, sitting in an upright position on the pilot of a C. H. and D. passenger train was the startling sight which met the eyes of many church goers here Sunday as the train sped through the residence district of the city. The physician had a few minutes before started out to make a country call and was riding in a curtained automobile. Near the tracks he tried to stop his machine when he saw the approaching train, but on account of the icy streets the car skidded upon the railroad track, when the engine struck and completely demolished it

Dr. Dillon was instantly killed, a hole near the base of the brain, however, being the only mark of injury found on the body. Engineer Dooley, who killed ex-Sheriff George Wilson, at this same crossing ten years ago, was unable to stop his train until he had run about three blocks.

DISSOLVED INJUNCTION.

Case of Luckenbach Towing Company and Engineers' Union.

Norfolk, Va., Feb. 13.—Judge McLemore has dissolved the injunction obtained in his court some time ago by the Luckenbach Towing company of Brooklyn, N. Y., by which the Norfolk Marine Engineers' union, its officers and members, were restrained from interfering with its employes on the Luckenbach tugs in an effort to bring on an engineers' strike.

Judge McLemore ruled that no injunction could lie until violence against the plaintiffs, or their property was attempted by the defendants and that members of the engineers' union were within their rights in endeavoring by argument or other fair means to have employees of the plaintiffs quit their employment.

MARKED FOR DEATH.

Said that Czaring Found Terrorist Letter on Infant Son's Bed.

Paris, Feb. 12.—The Memorial Diplomatique publishes a sensational article declaring that the recent report of the assassination of the czar had been based on the finding by the czarina, on the bed of her infant son, a letter containing the announcement that both the czar and the Czarowitz had been marked for death by the terrorist society, and the discovery almost at the same time of several bombs, connected with electric wires and concealed in various parts of the palace at Tsarskoe-Selo.

STOLE $20,000 WORTH OF JEWELS

Thieves Enter House While Dinner Party Was in Progress.

Memphis, Tenn., Feb. 12.—While a dinner party was in progress at the home of Frank G. Johns, in Vance avenue, one of the most fashionable residential sections of the city, last Monday night, thieves entered a second story window and made away with jewels valued at $20,000, the property of Garrett B. Lamb, his wife and daughter, of Clinton, Iowa, the guests of Mr. and Mrs. Johns, and in whose honor the dinner was being given.

Veteran Editor Dead.

New York, Feb. 12.—John W. Oliver, editor of the Yonkers Statesman, died at his home in Yonkers at the age of ninety-two years. He continued in active charge of the paper until last Friday. Mr. Oliver, with his brother, Isaac Oliver, founded the Sons of Temperance.

Boni de Castellane Fined.

Paris Feb. 12.—Count Boni de Castellane, the divorced husband of Anna Gould, of New York, was Tuesday found guilty by the correctional court of criminal assault and battery on Prince Henri de Sagan, his cousin, and fined $20. The prince was awarded 50 cents damages.

Idaho to Elect Delegates.

Boise, Idaho, Feb. 12.—Delegates to the national republican convention from Idaho will be elected at Wallace, May 12. The date and place were fixed by the state central committee Monday.

PRIMARIES IN OHIO

Selection of Delegates to Republican State Convention.

TAFT HAS STRONGEST PULL

His Political Managers Are Confident that the Convention, Which Assembles in March, Will Be Practically Unanimous for the War Secretary.

Columbus, O., Feb. 12.—Primaries for the selection of delegates to the republican state convention were held in thirty-six counties of Ohio Tuesday.

In fifty-two counties, there was but one list of candidates and no actual vote was taken.

In eleven congressional districts the primaries were either for congressmen directly or to select delegates to congressional conventions.

Opposition to Taft was looked for in two counties only—Knox and Cuyahoga—and the Taft political managers are entirely confident of the result. They expect to have the convention unanimous for Taft, which assembles on March 3, and declare that there is no chance of any anti-Taft men being chosen as delegates to the national convention at Chicago.

Cincinnati, O., Feb. 12.—Republican voters in the first and second congressional district Tuesday went through the form of naming delegates to the state convention, but only one ticket had been named and Taft delegates were chosen.

Gov. Johnson to Speak.

Mobile, Ala., Feb. 12.—Governor Johnson, of Minnesota, has been invited to address the members of the Alabama industrial association at their annual convention here on May 20 and 21.

DARING MOVE MADE.

Captain Takes Out Vessel in Spite of U. S. Authorities.

Mobile, Ala., Feb. 12.—A special from Pensacola says:

Perhaps the most daring move ever made by the master of a foreign vessel was that of Monday when Captain Ray F. German of the steamer Delta, took his vessel from this port notwithstanding the fact that she had been seized by ythe United States marshal and posted as not being allowed to leave port until bond had been given.

The seizure of the vessel was based upon three libel suits aggregating near $8,000.

It is the first case on record along the gulf coast. The attorney general at Washington was requested to take action in the matter and call upon the revenue cutter service to send out a vessel from Key West to make an effort to apprehend the steamer as she passes that point.

ACTRESS' ROOM IS ROBBED.

Miss Barrymore a Victim of Burglars. Lost Large Sum.

New York, Feb. 12—The apartments occupied by Miss Ethel Barrymore were robbed Sunday night, according to reports made to the police. When Miss Barrymore returned to West Fortieth street after an evening spent with friends she was unable to enter her rooms and calling a janitor, the door was forced.

The rooms were found in confusion and a search showed that the burglars had secured $275 in money, a string of opals and a number of trinkets which Miss Barrymore prized as mementos of her mother, Georgia Drew Barrymore.

It was evident that the rooms had been thoroughly searched, presumably for the actress' jewels, but none were found, for the reason, Miss Barrymore says, she never had any.

Changes in Southern Road.

Macon, Ga., Feb. 12.—Orders were received here from the Washington headquarters from the Southern to abolish the separate Macon division of the road and merge it with the Atlanta division. Superintendent W. J. Bell was made transmaster and Assistant Trainmaster O. S. Gantlegue was made train dispatcher.

CLUB MAKES PROTEST.

Denver Can Amply Accommodate the Crowds at Convention.

Denver, Colo., Feb. 12.—Resolutions deploring the publication of stories in various newspapers throughout the country to the effect that hotel accommodations in Denver will be inadequate to accommodate the crowds that will be in Denver during the Democratic national convention, were adopted at the regular monthly meeting of the Denver Press club. The Denver Press club, which is strictly a newspaper man's organization and is a potent factor in the affairs of the city and state, declares in the resolutions adopted that "Denver hotels are modern and there are enough of them to house comfortably any sized crowd that might be expected to come to the city during the convention."

The resolutions require the newspapers of the country to print the club's protest.

LLOYD MADE CHAIRMAN.

Mississippian Chosen in Spite of Strong Opposition.

Washington, Feb. 12.—In the face of strong opposition by John Sharp Williams, of Mississippi, leader of the minority in the house of representatives, Mr. James T. Lloyd, representative from the first district of Missouri, has been elected chairman of the democratic congressional campaign committee defeating his rival, Mr. Williams' candidate, Representative William H. Ryan, of New York, by a vote of 22 to 14.

Only one ballot was cast and after its announcement the election of Mr. Lloyd was made unanimous on motion of Representative Fitzgerald, of New York, who had the proxy of Mr. Ryan.

Representative Frank Clark, of the second district of Florida, was unanimously elected secretary of the committee.

PASSES SWEEPING MEASURE.

Laws Regulating Hotels Considered by Oklahoma Legislature.

Guthrie, Okla., Feb. 12.—The lower house Monday passed a sweeping measure regulating hotels. Every hotel must be fitted with a prescribed fire escape; nine-foot sheets must be on the beds, and in the dining room "No cup, dish, vessel or receptacle for food shall have cracks visible to the naked eye."

A bill providing that officers of corporations who conceal their books or statements shall be guilty of a felony and subject to not more than three nor less than two years' imprisonment, passed both houses.

HANGING AT BIRMINGHAM.

Negro Who Had Been Thrice Respited Pays Death Penalty at Last.

Birmingham, Ala., Feb. 12.—Henry Thaxton, the negro who was convicted of killing W. B. Hunstucker, white, two years ago, after being thrice respited by the governor, once while on the gallows, was hanged in the jail yard here Monday.

He mounted the scaffold smiling. He began his speech on the gallows by saying: "Friends, I am here once again," and wound up with "thanking you for your attention." He said bad company had gotten him into trouble. His neck was broken by the fall, death being announced in fifteen and a half minutes.

Awful Death in Sawmill.

Montgomery, Ala., Feb. 12.—A special from Dothan, Ala., says that James Hancock, of Ashford, was horribly mangled at a saw mill Monday. His coat sleeve caught in some way in the cogs. As soon his body was jerked into the machinery, both arms fractured, his [illegible] and many other bones broken. He was dead when extricated.

Fresno at Marseilles.

Marseilles, Feb. 12.—Miss Sumner Prince and his family arrived here on Monday night, a big crowd had assembled at the railway station. Flanked by police, the former premier hurriedly entered a hotel. Many Fresno people are staying [illegible] but it is generally supposed that [illegible] is going to Italy.

MOB LYNCHED NEGRO

First Had Lively Fight With Soldiers Guarding Him.

TROOPS ARE OVERPOWERED

Negro Was Then Taken from Them, Strung to a Telegraph Pole and Riddled with Bullets—Two Members of Mob Wounded.

Brookhaven, Miss., Feb. 12.—Will Pigot, the negro who criminally assaulted Miss Williams, a young white woman, in this county several weeks ago, was taken from the custody of the Jackson military company and a posse of deputies Monday morning and hanged from a telegraph pole within less than a hundred yards of the court house where he was to have been tried for his crime. The military company and the posse were overpowered by a mob of more than two thousand citizens. Several shots were fired during the melee and two members of the mob were wounded.

Mob Attacks the Soldiers.

Pigot reached here shortly after 7 o'clock from Jackson, in custody of Sheriff Frank Greer and under the armed escort of the Capital Guards, ordered into service by Governor Noel to protect the negro from the mob.

When the train stopped at the depot and the sheriff and escort disembarked with the prisoner, the mob surged around them and a fierce hand-to-hand fight ensued, in which fists were freely used and the soldiers clubbed many members of the mob with guns.

Foiled in this attempt to get the negro, the mob came again, and this time secured the prisoner.

Pigot was dragged about fifty yards away. A member of the mob secured a rope and he was quickly swung aloft from the arm of a telegraph pole. The mob then riddled his body with bullets, several hundred shots being fired.

Prominent Men in Mob.

The mob began to assemble here before daylight, coming into town in wagons, on horseback and walking. Its ranks included some of the most prominent farmers in Lincoln county, especially in the neighborhood of the town of Ruth, where the assault by the negro is alleged to have occurred.

By the time the train from Jackson arrived, there were over 2,000 men in the mob at the railroad station. No attempt at concealment was made, not a man in the mob wearing a mask.

The first attempt to take the negro from the military proved futile, the soldiers beating the members of the mob back with the butts of their guns and taking up the march to the court house. Before the court house was reached, however, the mob entirely surrounded the soldiers and swept down upon them.

Judge Wilkinson, who was to have presided upon the negro's trial, witnessed the lynching, but was powerless to prevent the mob from carrying out its purpose.

READY TO BEGIN TERMS.

Mitchell and Strange Will Not Ask for New Trial.

Rome, Ga., Feb. 12.—The attorneys for Professor R. M. Mitchell and Jack Strange, who were tried for murder last week and convicted of murder with a recommendation and voluntary manslaughter, respectively, have announced that they will not ask for a new trial in either case.

The prison commission has been notified that the men are ready to begin their sentences, as soon as they are sent for. Mitchell has a life sentence, and Strange will serve fifteen years, unless pardoned out before the expiration of his sentence. Both parties appear to be satisfied with the outcome of their trials.

To Inaugurate Movement.

Washington, Feb. 12.—Seventy-five delegates met here Monday to inaugurate a movement for the organization of a department of business men of the American Federation of Labor, to sometime next year be admitted at the [illegible] session of the federation.

THE FLORIDA WINTER CHAUTAUQUA

Gainesville, Florida, March 2nd to 15th, 1908.

The Chautauqua idea was one of the greatest thoughts which ever came to the mind of a man in the last century. It combines all the best features of the camp-meeting, interest for which has in a large measure passed away, and adds to it many new features which are demanded by the growing times in which we live.

More and more, in these strenuous days, the people feel the need of a little vacation. Earnest people are hardly willing to waste time in a vacation which does not bring to them a little intellectual uplift, hence the phenomenal growth of the Chautauqua idea.

More than five hundred Chautauquas are at work in the United States, and they will be visited by more than three million people. It brings to the people the best things in the entertainment line at insignificant expense.

The program offered for this fifth Chautauqua session to the good people of Gainesville and surrounding towns includes the best things which genius can devise or money procure. It offers fourteen days of supreme enjoyment. It will add to the fame of Gainesville and will increase the exchequer of the trades people of the community in the visitors which will be attracted, and will be helpful in every way. Let every right-minded citizen of this community give this enterprise his loyal support and cooperation.

Many come to Gainesville for the sake of the Chautauqua. It lengthens the tourist season, and makes Gainesville in all sections a household word.

Brief mention of the strong attractions which appear from day to day are given below:

Lecturers.

Hon. Adam Bede—The brilliant and witty Congressman from Minnesota, who has attained national reputation by his brilliant lectures. He is the wit of the present House of Representatives. When it is known that he is to speak, the galleries are crowded to suffocation.

John DeWitt Miller—For twenty years one of the most eagerly sought for Chautauqua lecturers. Strong helpful, humorous.

Dr. Samuel Phelps LeLand—An old friend whom we had with us once to our great delight. He was expected last year but serious illness prevented his coming. He has in a great measure recovered his health and has given his promise to be with us for two lectures.

Dr. A. W. Lamar—One of the most brilliant lecturers that the South has produced.

Dr. W. K. Piner—For some years prominent in the new State of Oklahoma as a preacher and a lecturer; associated there with the great Chautauqua movement. A very brilliant preacher and lecturer. He has recently come into the Southland to make it his residence and is now a citizen of Florida.

E. A. Bestor—Prominently associated with the work at the Mother Chautauqua. A man who has made large study of Governmental questions.

Dr. Richard Wilkinson—Pastor of a great church in Augusta, Ga., formerly of New Orleans, where he won great renown. His lecture on "Robert E. Lee" is one of the gems of the American platform.

Dr. C. C. McLean—Comes with two beautifully illustrated lectures, bringing a stereopticon and a multitude of beautifully colored slides.

Rev. Charles William Sullivan—Is bright, sunshiny and entertaining. He has written and published several books which have had a wide sale. He has been immensely popular on the Chautauqua platform. He will conduct for us, at least for a week, the Bible studies in the morning and will also give one or two of his delightful lectures.

Music and Entertainments.

Otterbein Male Quartette and Bell Ringers—This quartette is newly organized. The voices are perfectly blended. They have been having a winter of unusual success, appearing in the best lecture courses in Northern cities.

The White Rose Orchestra—This is something we have never before had and yet we have yearned for the possibility of having instrumental music of some character.

Miss Bessie Brady—A charming soloist who sings her way into the hearts of all who hear her. She is simple and unaffected and in this lies her chief charm. She sings for the love of it.

Miss Margaret Dell Adams—A clever reader who does work which calls forth the admiration of all who listen.

Miss Cora Mel Patten—The gifted reader from Chicago will be with us for three readings. These are not of a miscellaneous character but as the program indicates, they are among the most prominent recent creations in our literature, coming from the pens of truly great authors.

Mrs. Maud McLane Stevens—A reader of rare power. Graduated from the Cumnock School of Oratory. Prof. Cumnock in a personal note says she is one of the most gifted pupils ever sent out from that institution and is certain to delight any audience she faces.

The American Vitagraph (with its wonderful moving pictures)—The memory of their great popularity for the last two years and the immense audiences which they drew is still with us. Every picture this year will be new.

Prof. and Mrs. C. Rucker Adams—They return once more, where they are so popular to direct the work in physical training and expression. They are so bright and capable and accommodating and they are certain, as usual, to have large and enthusiastic classes.

Dr. Carolyn Geisel and Assistant—The mere announcement of this name, so beloved in Gainesville, is all that needs to be said. This is one of the most important departments of the work which will be conducted.

Department of Instruction.

Biblical Exposition and Devotions—These will be held each morning under the guidance of splendidly equipped instructors. During a large share of the time, Dr. Charles William Sullivan will be in charge. No more capable and enthusiastic man can possibly be secured. He has entered into the secrets of the great book by prayer and diligent study. Both heart and lips have been touched and he will make the morning hour very full of profit.

These morning Biblical expositions will give the proper key-note to the day and will be filled with inspiration and uplift to the devout. Others will be called into service.

Woman's Temperance Union School of Methods, Miss Louise E. Hollister, Leader—We are very glad this year to introduce this school of methods for the sake of the noble women who wear the white ribbon and are accomplishing such vast work along temperance lines for "God, Home and Native Land."

School of Physical Education.

Prof. and Mrs. C. Rucker Adams of Chicago—Prof. and Mrs. Adams will give lectures and conduct classes in physical training during the first week of the Chautauqua at 10:30 each morning.

School of Health and Cooking—Last year this was a new department with us but won such instant recognition and was so productive of good that it is this year to be repeated and enlarged.

Simple Remedy for La Grippe.

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

Card of Thanks.

Editor Sun: Please allow me space through your valuable columns to thank my friends for their kindness and help, which was so generously given in the last suffering of my dear husband. May God bless them all.

REAL ESTATE TRANSFERS.

The Market Takes a Spurt, and Several Transfers Made.

The real estate market seems to have taken a lively spurt within the past two or three days, as several important deals have been consummated.

W. M. Pepper has purchased from the College Park Company a handsome eight-room home in College Park, near the University, and will soon make his home there. The home is provided with all modern conveniences, and is one of the neatest in that section of the city.

J. Bloxham Dell has sold to John B. Dell the building on East Main street S. occupied by L. J. Burkhim, and has purchased for a home the McFarland cottage on Alachua avenue. He will have this cottage thoroughly overhauled, and proposes to make many improvements in the matter of sewerage, etc.

Of Interest to School Teachers.

Stetson University offers free tuition and free room rent up to the full limit of her dormitory capacity, and a reduction in the regular rate of board to all Florida teachers and prospective teachers who wish to take the review course during the spring term, beginning March 25th and continuing for nine weeks. This reduces the entire expenses to $35.

Reviews will be conducted in all of the branches required for any grade of teachers' certificates. A faculty of twenty-three instructors will conduct the work in the normal department.

The enrollment in these courses has increased five hundred and thirty-three per cent during the past two years.

A neat little bulletin has been issued by the university and anyone desiring detailed information concerning the normal school should write to A. L. L. Suhrie, Director of the School of Pedagogy, DeLand, Florida.

Beware of Ointments for Catarrh that Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c. per bottle.

Death of Aged Man.

From Tuesday's Daily Sun:

Grant Worthington, eighty-one years of age, died at the home of his niece, Mrs. B. S. Bryant, East Gainesville.

Deceased was one of the oldest and most widely-known residents of this section, and a man very popular among his friends. He was a member of the Methodist Church, and the funeral service was conducted at the home by Rev. T. J. Nixon of the First Methodist church.

The remains were taken to Otter Creek, near which place the interment was held in the family burying-ground.

A Stitch in Time

Will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for coughs, colds, bronchitis and whooping cough. Mrs. S.——, Hot Springs, Ark., writes: "I keep a bottle of Ballard's Horehound Syrup in my medicine chest, and thank my forethought many times. It has prevented many severe spells of sickness." Sold by W. M. Johnson.

North Gainesville Realty.

William Campbell of North Gainesville has sold to Col. I. E. Webster a handsome building lot adjoining the latter's property in that thriving suburb.

Real estate has been quite lively in North Gainesville within the past few months, several deals having been made.

POLITICAL POT WILL SOON BE BOILING

Fire Was Kindled at Meeting in Jacksonville Tuesday.

MUCH INTEREST MANIFESTED

Several Candidates Present, and Both State and Congressional Meetings Were Well Attended—First Primary May 19, Second June 16.

Special to The Sun.

Jacksonville, Feb. 11.—The State Democratic Executive Committee met at the Aragon Hotel this morning, at which time Secretary Dodd read the call and called the roll, thirty-five members being present either in person or by proxy.

Owing to their political connections, the former being a candidate for United States Senator and the latter already holding office, Chairman D. U. Fletcher and Senator W. J. Bryan resigned as members of the committee, and Arthur T. Williams was chosen chairman of the committee. Four vacancies on the committee were filled by the election of Raymond D. Knight of Duval, S. J. Hilburn of Putnam, S. H. Blitch of Levy and C. O. Codrington of Volusia.

The first primary was ordered for May 19, the second for June 16.

Upon motion, a campaign committee was ordered, consisting of the chairman and secretary, and five members, to be appointed by the chairman, after which the committee adjourned subject to call.

The Congressional committee of the Second District met at 3 o'clock this afternoon at the Aragon, and issued a similar call for primaries.

Among those attending the meeting were Governor Broward, Candidates Stockton, Gilchrist and Brown, for Governor, Ellis for Attorney-General, and Dunn, for Railroad Commissioner. Chas. Dougherty, Hilson, Ames and others were also on hand.

Compliment to Dr. Morris.

From Tuesday's Daily Sun:

Rev. Robt. Hugh Morris, the Presbyterian minister who is now in charge of the Oak Lane Presbyterian church, Philadelphia, and who is here on a brief visit to the family of his brother, Geo. P. Morris, has been the "center of attraction" since his arrival here, so to speak. Hugh is virtually an Alachua county boy, having spent a great deal of his life at Waldo, and our people are naturally proud of him, for the record he has made, and for his excellent character.

Dr. Morris generously filled the pulpit of the First Presbyterian church in this city Sunday morning, and in the afternoon went to Starke, where he was formerly pastor of the Presbyterian church. At Starke he was honored by a union service at the Presbyterian church, when he delivered the sermon, and a regular love-feast followed.

Dr. Morris has many friends throughout this section, to whom he feels grateful for a loyal reception.

Even from the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism and can recommend it as the best Liniment on the market. I thought, at the time I was taken down with this trouble, that it would be a week before I could get about, but on applying your Liniment several times during the night, I was about in 48 hours and well in three days." Sold by W. M. Johnson.

Card of Thanks.

Editor Sun: Please allow us the space through your valuable columns to express our thanks to the many friends for their kindness and help which was so generously given during the last illness of Mrs. Mary C. Duke. These expressions of loving kindness by friends to our loved one is appreciated. Sincerely,

S. V. DUKE.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to conquer all female diseases.

Mrs. Norman R. Barndt, of Allentown, Pa., writes:

"Ever since I was sixteen years of age I had suffered from an organic derangement and female weakness; in consequence I had dreadful headaches and was extremely nervous. My physician said I must go through an operation to get well. A friend told me about Lydia E. Pinkham's Vegetable Compound, and I took it and wrote you for advice, following your directions carefully, and thanks to you I am today a well woman, and I am telling all my friends of my experience."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

LIBRARY COMMITTEES.

The Following Are the Library Committees for the Present Year:

Executive Committee—Mrs. Frank D. Warner, chairman; Mrs. Kenneth Grieve, Mrs. J. L. Kelley, Mrs. Rogers, Mrs. C. A. Colclough.

On Entertainments—Mrs. E. E. Cannon, chairman; Mrs. John Chesnut, Mrs. S. J. Thomas, Mrs. Becker, Mrs. H. E. Taylor.

Woman's Exchange Board—Mrs. Jackman, chairman; Mrs. Hay, Mrs. McBeath, Miss Myrtle Fennell, Mrs. Chapin.

On Membership—Mrs. H. E. Taylor, chairman; Miss Jessie Bodiford, Miss Minna Hampton, Miss Lucille Colclough, Miss Cushman.

Secretary and Treasurer—Mrs. Aaron DaCosta.

The secretary will formally notify these ladies early in the week. It is earnestly hoped that all will consent to serve, and that the various committees will at once organize.

Picnic at Rochelle.

Rochelle, Feb. 11.—On Saturday, February 8th, the young people of this place spent a very pleasant day at the creek, where they had a picnic and fish-fry, and they succeeded in getting a large number of fine fish, enjoying themselves very much. On returning some stopped at the home of Mr. and Mrs. J. N. Shelley, where they played all kinds of games and had music. Upon leaving they thanked Mrs. Shelley, assuring her that they had passed a very pleasant evening.

FUNERAL OF MRS. DUKE.

Relatives and Many Friends Followed Remains to Cemetery.

The funeral of Mrs. S. V. Duke, the sad death of whom occurred Saturday, was held from the residence on East Union street Sunday afternoon at 2 o'clock, Rev. S. B. Rogers of the First Baptist church conducting the services.

The funeral was largely attended, as the deceased had many friends in this city. The service was simple, but most impressive, Dr. Rogers making a beautiful talk.

There were many handsome floral decorations, which were brought by friends as loving tokens of respect. A large number also attended the services at the grave, and more would have gone had it not been for a misunderstanding regarding carriages. Many were unable to go to the cemetery on account of this.

Friends of the bereaved relatives sympathize with them deeply in this hour of trouble.

ARRESTED FOR LARCENY.

Dan Simmons, Colored, of Hamilton County, Taken Into Custody.

From Tuesday's Daily Sun.

Sheriff L. W. Fennell has arrested Dan Simmons, colored, who is wanted by the authorities of Hamilton county upon a charge of larceny.

Sheriff Fennell received instructions, together with a description, a few days ago, and, as usual, proceeded to get busy. It was not long before he had his man behind the bars, and the authorities of Hamilton county were notified of the arrest.

An officer is expected in a day or two to take Simmons back to the scene of his alleged crime.

From Wednesday's Daily Sun:

An officer arrived from Jasper yesterday, having come to take charge of Dan Simmons, colored, who was arrested by Sheriff Fennell Saturday upon request of the authorities of Hamilton county. Simmons is charged with larceny, and will have to stand his trial in Jasper.

JUDGE MASON'S COURT.

Adolphus Drew, Colored, Held Under Bond for a Serious Charge.

From Tuesday's Daily Sun.

Adolphus Drew, colored, was arraigned in Judge Mason's court Monday upon a charge of breaking and entering and was committed to jail in default of a bond of $250.

John Edmundson, another colored man who conducts a store in West Gainesville, was the prosecuting witness. He stated that Drew entered his store and attempted to get away with the contents of his cash drawer, amounting to about $65, but was frightened away.

The editor of The Memphis (Tenn.) Times writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Refuse any but the genuine in the yellow package.—J. W. McCollum & Co.

It took only fifteen minutes to read the King's speech to parliament. But then, you know, the kingship is not an elective job over there.

It will do young man Thaw good to stay in the insane asylum long enough—say ten years—to cool off and quit cigarettes and champagne.

The tariff on paper and wood pulp is declared by John Sharp Williams to be a "brain tax," and Republicans were unable to refute that proposition.

The Patent Office has just granted a patent on making paper out of sawdust. This is sure to have a serious effect on the breakfast-food industry.

Over eighty-seven millions of dollars of depositors' money is tied up in closed banks and trust companies in New York, and the Republicans proclaim they produced prosperity.

R. W. Storrs, editor of The De-Funiak Breeze, will be a candidate for the Legislature from Walton county at the next primary. Mr. Storrs is especially well qualified for the office he aspires to, and the people of Walton county could not do better than elect him.

Osceola county, of which Kissimmee is the county seat, is now in the throes of a "wet" or "dry" election, the same having been called for March 9th. The county has been dry for the past two years, and the temperance people will do all in their power to keep it dry.

Governor Hughes says he believes in a protective tariff, which probably accounts for his favoring a tariff commission, so that revising the tariff may be put off as long as possible. Why do all the Republican leaders refuse to at once reform the tariff that protects the trusts?

Col. I. E. Barwick is a candidate for State Senator from the district composed of DeSoto and Manatee counties and at present represented by Senator J. H. Humphries. Col. Barwick has pledged himself to work for the division of DeSoto county in case he is elected, and it is probable that the anti-divisionists will prevail upon Senator Humphries to stand for re-election.

Three more large banks have failed in New York, and there is said to be trouble with others. Meanwhile a Republican Congress stands pat and is spending its time talking about comparative trifles. The Republican leaders who were so boastful and lordly when things were going their way are now afraid of their shadows, and stand in deadly fear of the political future in store for them.

There is no better way to advertise Alachua county to the outside world than by making known what is accomplished on the farm, orchard, etc., the recent statement of Mrs. D. C. Hart of Micanopy, which appeared in The Sun showing what she had done in the way or raising chickens, has been reprinted in nearly every paper in the State and in several Northern papers. Let us have more such articles from other sections of the county.

NO FUNDS IN HAND.

The following extract from the minutes of the Board of Commissioners of State Institutions of a meeting held January 17th, are published for the benefit of those interested:

"Whereas, there are no funds in the State Treasury available for the payment of sums aggregating $47,047.50, apportioned by the State Board of Education under the appropriation made by Chapter 5381, Acts of 1905, which amounts were due to be paid after the close of the school year ending June 30, 1907;

"It is ordered that the following statement be placed upon the records of this board for the information of interested parties:

"The Legislature of 1905, by Chapter 5382, Laws of Florida, approved May 20, 1905, appropriated $50,000 for each of the school years ending June 30, 1906, and June 30, 1907, to aid and encourage the establishment of public high schools and rural graded schools, payments being due after the close of each of such school years. These appropriations have been paid as provided by law.

"The same Legislature, by Chapter 5383, Laws of Florida, appropriated $25,000 for each of the school years ending June 30, 1906, and June 30, 1907, for the purpose of aiding and encouraging common schools of this State which do not receive State aid under the existing laws except the one-mill State school tax. These appropriations, too, have been paid as provided by law.

"The same Legislature, by Chapter 5381, Laws of Florida, appropriated $50,000 for each of the school years ending June 30, 1906 and June 30, 1907, payable after the close of said respective school years, for State aid to public schools based on average daily attendance therein, as provided in the act. The appropriation made by this act for the year ending June 30, 1906, was paid promptly when it became due.

"The appropriation made by said Chapter 5381 for the school year ending June 30, 1907, payable after the close of such school year, was officially apportioned on November 5, 1907, in the aggregate sum of $47,047.50. Warrants to cover the amounts thus apportioned have not been issued because there have at no time since the date of such apportionment been funds in the treasury available for such purpose.

"Each and every appropriation above mentioned was directed by the Legislature to be paid from the General Revenue Fund of the State Treasury. From the General Revenue Fund are paid all the expenses of the State Government, including all jurors and witnesses before the grand juries, the expenses of assessing and collecting all the revenue of the State for all funds, the salaries of all executive, judicial and military officers of the State, and all clerks and employes of the State, the interest on the bonded debt of the State, the expenses of the Legislature, the expenses of the Hospital for the Insane, the costs of arrests of fugitives from justice, all printing, all appropriations made by the Legislature for schools and colleges, and all other appropriations made by the Legislature unless otherwise specifically provided.

"The Legislature of 1907, by Chapter 5603, approved June 4, 1907, provided that appropriations made for school purposes should be payable from the first funds available in the general revenue fund of the treasury after the payment of current expenses of the State, the principal heads of which are enumerated above.

"The disbursements from the general revenue fund under appropriations made by the Legislature have been very large. The receipts in said fund from the sources provided by law have not, up to this time, been sufficient, over and above enumerated preferred payments, to meet the special and extraordinary appropriations made by the Legislature.

"This board has no means of ascertaining when the receipts in the general revenue fund will be sufficient to enable the State to pay the moneys appropriated for the school year ending June 30, 1907, by Chapter 5381 aforesaid. The board is advised of the peculiar conditions which demand the earliest practicable distribution of this appropriation, and realizes its duty to secure such distribution at the earliest possible date; yet, the board, realizing that there are numerous persons materially interested in this matter, deems it proper, for their information, to make this statement of the facts, and to state that, until receipts in the general revenue fund are larger in proportion to disbursements made in pursuance of appropriations by the Legislature, this board can give no assurance as to when there will be funds in the treasury available to pay the appropriation made by Chapter 5381, Acts of 1905.

"The money stringency of the past six months is the prime excuse of the very slow collection of taxes, and the condition of the treasury's general revenue fund is dependent upon the future collection of the levy of 1907, and for these reasons the board cannot say when the money will be available."

TARIFF PROTECTION SLIPS COG.

The highly tariff-protected glass industry is in a bad way, which indicates that too much protection is unfortunate for manufacturers or workmen. The issue of The National Glass Budget of January 25 contains notices of the bankruptcy of the Altoona, Kansas, Co-operative Glass Co. from inability to market goods produced, consisting chiefly of fruit jars. Then the old established Christiana factory at Wilmington, Delaware, is reported to have found it necessary to shut down owing to "inability to get cost out of its product." Also another factory in New Jersey "did not resume, and the responsible heads arrived at the conclusion that the plant could not be operated at a profit if the workingmen were to take a reduction of 66 2-3 per cent from the wages paid when the plant was last operated." From all over the country similar news of the breakdown of prosperity can be cited.

Still the Republican leaders continue to declare that the protective tariff produces prosperity, and to make sure that enough protection should be forthcoming to make the glass industry prosperous the tariff tax was increased so that as high as 108.37 per cent is paid on one kind and quality.

Similar conditions prevail in all the more highly-protected industries, from steel trust products to those of the pottery trust, and more than half of the protected workmen are without employment, and those that are fortunate enough to be working are being paid reduced wages. Meanwhile the trusts that control these highly-protected industries are holding up prices so that the public who consume their products receive but little concession in price. But the foreigners are benefited by the "dumping" of the surplus products at bargain prices on European markets.

Is it not about time that our people were offered some of these bargains? But they never will be as long as they support the Republican party in standing pat. To insure competition and reasonable prices for trust products the tariff must be reduced, or abolished, and that cannot be expected from Republican politicians who have repeatedly declared and will probably again declare in the forthcoming Republican national platform: "Protection which guards and develops our industries is a cardinal policy of the Republican party."

THE GOVERNMENT GUARANTEE.

If the Government is to guarantee bank deposits, remarks The Wall Street Journal, why should not this principle be carried further? Is it wise to stop there?

If the Government is to guarantee a bank's creditors against the bank, why not guarantee the bank against the bank's debtors; in other words, guarantee loans as well as deposits?

But is it fair to put the Government's guarantee behind banks and withhold it from other lines of business? Why not guarantee newspapers the payment of subscriptions, and advertisers the sale of their wares, merchants against delinquent debtors, and buyers against being cheated in the merchandise they purchase?

Why not guarantee the stocks and bonds of corporations and the transactions in the exchanges?

Then the farmer must be safeguarded. Why not guarantee his crops? Surely something should be done for the women. Should not there be a compulsory insurance backed by the Government's guarantee, protecting wives against improvident or unfaithful husbands, and securing them adequate alimony in case of divorce?

Why not guarantee parents against deficient children, and children against cruel parents?

There ought to be no "privileged" classes in this guaranteeing business; so indeed, there is nothing that is more dangerous to a democracy than special privilege. Let us therefore be careful to apply this great principle of Government guarantee so that there shall be absolute equality. The laborer should have his wages guaranteed by the Government. Could anything be more important than thus to protect the toiling masses? Travelers should have a Government guarantee against railroad accidents. The actor should be guaranteed a full house, and the preacher his salary.

Surely, having done so much for all these people, we might give a little slice of protection even to the promoter. Why not Government guarantee of health, Government guarantee against old age, Government for sinners against eternal punishment?

In other words, why should anybody be troubled or worried about anything? Why not dump all personal responsibility upon the Government and let it guarantee everything for everybody, at every time and for all time, and then when war or disaster or panic comes we can all go down together in one colossal smash.

Referring to a recent "ruling" of the Florida Railroad Commission, The Lakeland News voices the sentiments of The Sun in the following words: "The Florida Railroad Commission has made an asinine ruling that the railroads cannot exchange mileage for advertising space in the newspapers. They might as well hold that a grocer or dry goods man must not sell goods to a publisher and accept advertising in payment. There are a great many things that the Railroad Commission could undertake for the benefit of the people in Florida, but they pass these matters of real importance by to interfere with a purely private business transaction with which neither they nor the public are concerned. So far as we are advised, the railroads are not paying the slightest attention to the ruling, and we do not believe it could be sustained in the courts."

The revenue of the Government fell off during January nearly $6,000,000. If such Republican prosperity keeps up the same pace there will be a deficiency of about $40,000,000 the end of the financial year on June 30.

There will be more contesting delegations in the coming Republican National Convention than ever before, and the swearing trains necessary after the convention is over will tax the capacity of the railroads.

Jolly Dancing Party.

The home of Mr. and Mrs. J. B. Sheffield, near Bevilleville, was the scene of much gaiety Friday evening, the occasion being a genuine old-fashioned dance, in which the Virginia reel and cotillion played prominent parts. There were about ninety-five present, which comprised most everybody in the thriving suburb and many from the city proper.

During the dancing hours, beautiful piano music was rendered by Miss Cora Wittstock, in her useful and graceful manner, which was appreciated by all. Also, refreshments were served from 10 to 11 o'clock, and it is needless to add that the young folks enjoyed the occasion immensely.

Mr. Graves Will Build.

From Wednesday's Daily Sun:

Daniel Graves of Nebraska, who has recently purchased from Lee Graham a lot on West Court street, is having lumber placed on the ground, and will at once begin the erection of a neat five or six-room cottage.

Mr. and Mrs. Graves are residents of Nebraska, but spend their winters here. They are parents of H. S. Graves, North Gainesville, and have many friends here who will be delighted to learn that they have sufficient interest in the city to prompt them to build a home.

HIGH SPRINGS NEWS.

Postmaster Glass Reappointed—Arbor Day Appropriately Observed.

High Springs, Feb. 12.—The many friends of George Glass are pleased to learn that he has received from General Hitchcock, First Assistant Postmaster-General, his reappointment as postmaster of the High Springs office. Mr. Glass has held the office for eleven consecutive years, and by his accuracy, promptness and efficiency has given universal satisfaction.

The High Springs public school, under the direction of Prof. W. H. Main, is this year doing the best work known in its history. The patrons are very much gratified over its condition, and the citizens in general are delighted with the state of educational matters in High Springs. The following program was rendered on Arbor day:

Chorus, "Arbor Day," by the school.

Scripture reading and invocation, by Rev. G. E. Thompson.

Reading letter of the State Superintendent by the principal, Prof. W. H. Main.

Piano Solo, "Plantation Melodies"—Maud Thomas.

Recitation, "To the Pine Tree"—Mina Sue Rivers.

Discussion, "The Best Way to Improve Our Grounds and Buildings," by various patrons.

Chorus, "An Arbor Day Tree," by the school.

WHAT IS WRONG?

Many People in Gainesville Are Asking That Question of Late.

Within the last few weeks more people in Gainesville than usual have been complaining of sneezing fits, tickling in the throat, stoppage of the nose, coughing spasms, raising of mucous, droppings in the throat and offensive breath, and have asked themselves: "What is the matter?"

The trouble comes from catarrh, and unless they take immediate steps to remedy their condition, the disease will increase and spread through the delicate mucous membrane that lines the air passages, resulting in chronic disease.

At the first symptoms of catarrh, Hyomei should be used. J. W. McCollum & Co. sell it under a guarantee to refund the purchase price of $1 for the complete outfit to anyone who is not satisfied with the results. You certainly can afford to use Hyomei under an offer like this. Get it now and be cured of catarrh.

Carley M. Carter vs. Abe McRae, ejectment. Verdict for plaintiff.

Carley M. Carter vs. Mingo Frasier, ejectment. Verdict for plaintiff.

Carley M. Carter vs. Wm. Thomas, ejectment. Verdict for plaintiff.

After hearing these cases, the court adjourned until 9 o'clock Wednesday morning.

Following is the jury for the present week:

D. P. Miller, W. L. Jackson, C. A. Colclough, Alex Howe, John Avera, J. C. Blitch.

MEETING TURPENTINE MEN

Was Held Tuesday to Discuss Matters of Interest to Operators.

A meeting of naval stores operators of this section, which was well attended, was held in this city Tuesday, at which many important matters of interest to the operators were discussed, principally among which was the labor problem.

In all, the meeting appeared to terminate perfectly satisfactory to all present, and it is believed the outcome will result in considerable good to the operators.

T. W. Shands, one of the most widely-known operators in the State, presided over the meeting.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

THE NEWS FROM MELROSE.

Melrose, Feb. 8.—Mrs. O. C. Husband and daughter, Neva, Mrs. J. Williams, and Miss Nora Mullen, left Thursday for a visit to the State Fair at Tampa.

At the annual business meeting of the Ladies' Literary and Debating Society, held on Friday, the following officers were elected: Mrs. S. M. Caldwell, president; Mrs. J. A. Remmel, vice-president; Mrs. J. W. Johnson, secretary; Mrs. E. J. Whitehead, treasurer. At the next meeting Mrs. von Noszky will read a paper on "The Living Past."

Among those recently arrived to spend the winter are H. Pugh, Lima, Ohio, and Ernest Whitney, New Haven, Conn.

A number of our citizens have taken the advice of the department of agriculture, and have cut down their china berry trees on or near their premises, thereby destroying the breeding places of the white fly.

Metrose Lodge No. 69, F. and A. M., conferred the third degree on the night of the 7th inst. A number of brethren from Putnam Hall were present.

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order, C. L. KITE.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly,

BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

PRESIDENT MIGHT ACCEPT THIRD TERM

In Event Secretary Taft Cannot be Nominated.

EXTRACTS FROM HIS MESSAGE

President Says Actions of Administration Have Not Brought on Business Depression—Favors Governmental Control of Corporations.

Special Correspondence The Daily Sun.

Washington, D. C., Feb. 11.—There has been such a plethora of politics during the past week that only the major matters can be disposed of here. The principal event has been the special message of President Roosevelt to Congress, which has resulted in a great division of opinion among Republicans and somewhat among Democrats. The general trend of opinion is that the message is intended to promote a third term in case it appears that Secretary Taft cannot secure enough delegates to the National convention to nominate him. Some believe that a bold stroke will be attempted by the President, such as a "brush" between our fleet and that of Japan, so as to make his renomination imperative and so arouse public feeling on the "yellow peril" that the political danger of the third term would be lost in the shuffle.

For my own part I do not agree with these views of the selfishness of the President. I feel confident he is not figuring on a third term, and is only intent on perpetuating what he pleases to call "my policies." The great majority of the Republican members of Congress would have received the message in silence, but they were spurred on to rival the repeated Democratic demonstrations that accompanied its reading. The Democratic members generally do not indorse many of the policies advocated by President Roosevelt, but the glum looks of many of their Republican friends on the other side of the aisle as the potent points were read and which, as some Republicans said, was bound to prolong the panic, was too good a chance to be lost for ironical cheering.

That the President's message was a defiance of those who are opposing "my policies" and was intended to overwhelm some of those "greater Republicans" who have heretofore financed Republican campaigns, because they have now declared they will no longer do so, is apparent from the words of the President that: "The attacks upon the administration are made principally in the interest of the Standard Oil trust and of certain notorious railroad combinations." Then to arouse popular feeling the President further declared: "The extraordinary violence of the assaults upon the Government's policy and the enormous sums of money spent, evidence the terror the corrupt men of vast wealth feel in the very marrow of their being."

President Roosevelt is fighting for his political life against nine-tenths of the Republican leaders who are backed by "malefactors of great wealth," and this message of his was evidently intended to put those Republicans who are opposing him on the defensive by publicly denouncing those interests who are backing them in the fight for control of the party. The President has been so angered by the secret and open opposition that he let down the usual bars that guard executive utterances that would be likely to affect business disastrously. He defiantly said: "The business which is hurt by the movement for honesty is the kind of business which in the long run it pays the country to have hurt." Then he replied to those critics who have been charging that Roosevelt is responsible for the panic. That he denied by saying: "The actions of the administration have not brought on business distress, but if it were true that to cut out rottenness from the body meant a momentary check to our unhealthy seeming prosperity, I should not for one moment hesitate to put the knife to the corruption."

At that the Republicans looked glum and the Democrats cheered again and again, as well they might. For here was the highest Republican authority acknowledging that Republican so-called prosperity was unhealthy and only seemingly prosperous. Whether the President had in mind that the tariff-protected trusts were prosperous at the expense of the tariff-taxed and trust-plundered people, or whether his mind was running on his former friend and "practical" political associate, Harriman, who as a malefactor of great wealth he now includes with "certain notorious railroad combinations," cannot be said with certainty, but to the assembled Republican Congressmen it sounded like the crack of doom and a perpetuation of the panic until after the election.

But the President said other things that cannot be indorsed by Democrats. He declared that: "Satisfactory control of corporations can only be obtained by the National Government" and "wider supervision of railroads by the Government both physical and financial operation." As many of the States have been able to reduce passenger rates and some have reduced freight rates without any aid from the Federal Government, and this State control is being enlarged with evident success under the principle of home rule and State rights, the proposition to hand over the entire control of corporations to the general Government cannot meet with Democratic approbation. Democrats will also disapprove the legalizing of pooling by the railroads.

It is true that Mr. Bryan has indorsed this centralizing program, if he is quoted correctly, but he is committed to "ultimate" Government ownership, and no doubt thinks that entire Federal control is but a step in that direction. Democrats generally have repudiated Mr. Bryan's proposal for Government ownership, and there is a strong feeling among the Democrats I have come in contact with since Mr. Bryan has indorsed the Roosevelt message that in doing so he has placed the Democratic party and himself in a subordinate position, and is content to seek the Democratic nomination as the only living echo of President Roosevelt. If Mr. Taft is nominated by the Republicans and Mr. Bryan should also be nominated, the paramount issue of the campaign would drift into who would best carry out "my policies." Can anyone doubt that the Republican candidate with the positive Roosevelt indorsement would have the better of his competitor? Democrats object to having the destinct policies of the party subordinated to many issues that Mr. Roosevelt is trying to make paramount, most of which are un-Democratic. The Republican efforts to control the trusts by fining them has proved to be a dismal failure as far as reducing trust-high prices is concerned, and that is what the people are interested in. The Democratic plan of reducing or abolishing the tariff protection the trusts enjoy is not included in the Roosevelt plan.

Hon. John Sharp Williams, the Democratic leader, repudiated the indorsement of the Roosevelt policies. He said the message was not deserving of an all-round eulogy upon the part of any man who loved Democratic institutions, and he then showed wherein many of the Roosevelt policies were un-Democratic. He outlined the Democratic program which would if enacted into law relieve the people instead of amusing them with denunciation of wealth malefactors who oppose "my policies."

ROBERT MILLER.

PRONOUNCED HIS CASE INCURABLE

Whole Body Raw with Eczema—Life was Intolerable—Was Even Incased in Plaster—Discharged from Hospitals as Hopeless.

SUFFERED 14 YEARS CURED BY CUTICURA

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until a red rash broke out on his forehead, but we were not alarmed at first. Very soon, however, the rash began to spread over his head and shoulders, and it caused him great discomfort. I took

him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would rear him. The regimental doctor, a very clever man, pronounced the case hopeless; at least, he said the only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four times and he was pronounced one of the worst cases, if not the worst, ever admitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incased him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51, Vaughan Road, Coldharbour Lane, Camblewell Green, Eng., Jan. 12, 1907."

HON. P. M. TRAMMELL
For ATTORNEY-GENERAL

To the Citizens of Florida:

I wish respectfully to announce that I will be a candidate before the coming Democratic primary, for nomination to the office of Attorney-General of the State of Florida. In announcing for this important office, I wish to assure the citizens of our State that if it is my honor to serve them in this office, I shall discharge the duties appertaining thereto in accordance with the law, with impartiality, and without fear or favor.

Acknowledging a life-time debt of gratitude, I will say that through the kindness of the citizens of Polk county, I have served three sessions in the Florida Legislature. In my humble way I have constantly striven to foster and conserve the interest of all Florida. With high regard for all those entertaining contrary views, I have always exercised my vote and influence, as I conceived it, for the best interest of the whole people.

I lay no claim to superior and infallible judgment, and frankly admit that I have doubtless made some mistakes. However, they have been honestly made, and I believe despite my occasional blunders my record as a whole will be looked upon by the fair and unprejudiced as the record of one whose heart beats in sympathy with the interest of the great masses of our beloved State. My candidacy, supported by marked encouragement of kind friends emanated from my own aspirations, and not as the project of any faction or political contingency in our State. Friends both political and personal are cherished by me and I esteem their advice and counsel, yet neither partisanism nor friendship has controlled nor shall control me in performance of public trust. My only master shall be duty to the Commonwealth and the advancement of the public good. I believe the government that shall be most prosperous and the people that shall be happiest and most content are found in the land where equal justice is done unto every man and to every interest, and as far as within my power I would make ours an ideal government. As Attorney-General I would hew to the line and would guard zealously against any infringements, either by omission or commission, of the rights of the people as given to them by our constitution and statutory law. My destiny in this undertaking is subject to the will of the man who casts the ballot, and to him I appeal for support that I may achieve success, assuring each and every voter that I shall be grateful for his influence.

Respectfully,
PARK M. TRAMMELL.

GUARDS IN NEW ARMORY.

Now Occupying Seminary Hall, and Will Have Fine Club Room.

The Gainesville Guards are now in their new armory, the old Seminary Hall, East Main street N., where they are preparing to have one of the neatest armories and club rooms in the State.

An officer of the company stated Saturday that the Guards would install an up-to-date gymnasium, a pool table, bowling alley, reading-room, etc., making it a place with the latest club features. Shower baths will also be installed, and in all the new place will be one of which the city, as well as the company, should feel proud.

There has been manifested in the affairs of the Guards a great deal of interest recently, and the boys seem to have taken on new life. At the last meeting of the company three new members were elected, and five applications for membership were received and referred to the proper committees.

This May Interest You.

THE GAINESVILLE BAND.

New Organization Practicing Regularly, and Manifesting Interest.

The newly organized Gainesville band—or at least the reorganization—are manifesting a great deal of interest in their work, and are rehearsing regularly. A number of the members own their instruments, are fairly well trained in music, with the result that it is not like teaching new men.

The new band expects to be in position to render a public concert in a few weeks.

Whitefly Control—Spraying With Fungus Spores

By E. W. Berger of Florida Agricultural Experiment Station.

It is now generally well known among the citrus growers of this State that there are several fungi which live parasitically upon the immature stages (the larvae and pupae) of the whitefly (*Aleyrodes citri*), and that, as these fungi become well established in a grove infested by whiteflies, they destroy these insects by the million. The best known of these fungi are the Red Fungus, the Yellow Fungus, and the Brown Fungus. Three others, not so well known, are the Red-headed Scale Fungus, the White-fringe Fungus, and the Cinnamon Fungus. The last two have only recently been described by Prof. H. S. Fawcett of this Station, in Press Bulletins 68 and 76 respectively; and their discovery being relatively recent we are not so well prepared to make recommendations, either as to their efficiency in reducing the whitefly, or as to the best methods for introducing them. The Red-headed Scale Fungus, so efficient in reducing scale insects in Florida, has only rarely been observed upon any of the young stages of the whitefly, and so will receive no further mention here.

PREPARATION OF SPORE-CONTAINING LIQUID.

The following description of the spore-spraying method for introducing the fungi is based mainly upon experiments with the Red and the Yellow Fungi, and the method was apparently first successfully employed by the writer. It is considered the preferable method, and is probably applicable to all the fungi mentioned, excepting perhaps the Brown Fungus. Experiments so far indicate that this method can be employed during any month of the year, although a better infection with fungus may generally be expected during the warmer months. The spores or germs (which take the place of seeds in fungi) are washed out of the fungus by means of water. Use about forty of the bright red or bright yellow pustules of the fungus to a pint of water. This will be about the same as one or two fungus-bearing leaves to a quart of water. More fungus may be used, but the amount indicated has been found to give good results. Soak and wash the fungus (leaves and all) for ten or fifteen minutes, and strain through cheese-cloth or fine wire gauze.

SPRAYING AND SPRAYERS.

Spray the mixture of spores and water on the under surface of the whitefly-infested leaves. Look well to the newer growth, and if the larvae and pupae, or the adult flies, or all three, are abundant there, spray the parts thoroughly. If the supply of seed-fungus is limited, spray only the worst infested twigs and branches, for the fungus will infect some of the larvae there, and the adults maturing from those not infected, together with other adults migrating there, will carry the fungus spores to other parts of the tree and to other trees. Use a new spraying outfit, preferably one of the Compressed Air Sprayer type (3 or 4 gallons capacity), with little or no copper or brass about it. Do not use an outfit previously used for spraying Bordeaux or other strong fungicide, since the small amount of fungicide left in the machine may kill the spores. An old spraying outfit which has been previously used only for soap solutions or oil emulsions may be employed, but it should be well washed out with water. A larger spraying machine mounted on a barrel may be used when many acres of trees are to be sprayed, and when an abundance of fungus is available. Use a nozzle producing a very fine spray, and thoroughly wet the leaves just to the dripping point. It requires about three weeks for the Red and Yellow Fungi to make a visible growth.

A modification of the spore-spraying method, recently brought to the writer's attention, consists in flirting the liquid against the under surface of the leaves by means of a tin cup. A wisp-broom may also be employed, or a bunch of small twigs dipped into the liquid. It will not be necessary to strain the liquid when it is intended to be applied in this manner.

THE BROWN FUNGUS.

The spraying method is probably not generally applicable for introducing the Brown Fungus, of which the spores are at present unknown. This fungus has, however, been well started several times by using this method. If it is desired to employ the spraying method for introducing the Brown Fungus, it is advised to scour the fungus off the leaves by means of a little sand and water, using the resulting mixture of fungus particles and water as a spray. Strain the liquid if necessary. Use about the same relative quantities of fungus and water as recommended for the Red and Yellow Fungi.

SHORT STATE ITEMS

Rev. Culpepper and son are conducting a religious meeting in Kissimmee this week.

A young man by the name of Cashmer was shot and killed by A. Irwin Lowman at Croom last Sunday.

Rodef Shalom, a Jewish temple, on the corner of Southard and Simonton streets, in Key West, was dedicated last Sunday.

The citizens of Dunnellon will soon erect a fine new fire station and are also contemplating the laying of a mile of cement sidewalks.

The Christian Advocate says that Rev. J. B. Ley, financial agent for Southern College, is meeting with much encouragement in raising the $110,000 endowment for the school.

Nearly all of the Florida crop of tobacco has been marketed. The prices received were in advance of last year's, while it is reported that the crop was not as good as last year's.

Dr. C. L. Norton of Adrian, Mich., a passenger on a Pullman sleeper, was robbed of his gold watch, a portion of his wearing apparel and $400 in cash in Jacksonville Wednesday morning of last week.

Clearwater will soon have a fine new tourist hotel. C. W. Baxter, who was the proprietor of the Colonial Hotel which burned in St. Petersburg a short while ago, will erect a large tourist hotel at Clearwater in the near future.

Judge Wills has sustained the demurrer of the county commissioners of Putnam county to the bill of complaint set up by Thos. H. Keating to set aside the local option election in that county of September 30th, and the county will remain dry.

Reports to the Chamber of Commerce of Key West are to the effect that there is actual starvation among the poorer classes of the city. It has been suggested that soup houses be established to furnish nourishment at least for women and children.

The Fort Pierce Tribune speaks of C. H. Hooks of Jensen as the most successful fisherman on the East Coast, and says he recently made a haul in the ocean in one day that netted him $685. This catch consisted of 2,700 pounds of pompano and 5,600 pounds of bluefish—a truly extraordinary haul for one day.—Times-Union.

Samuel T. Fletcher of Tampa has brought suit against the Atlantic Coast Line Railway Company for $10,000. Colonel Fletcher alleges that he was cursed and assaulted on Fort Myers train No. 27 of the Atlantic Coast Line, between Plant City and Dover, by Conductor W. T. Miller, whom he alleges was drunk at the time. It is reported that Miller accused Fletcher of trying to beat his way on the train.

Last Thursday night a skeleton of a man was found about seven miles west of Miami by a negro who was coon hunting. The matter was reported to the sheriff of Dade county, who went immediately with the negro to the place where he had made his discovery. The sheriff is at a loss as to who the party was, but whoever it was, had been there for more than three years, as the brushes that his body had been covered with were decaying.

Benjamin Coles, a fifteen-year-old negro boy of Jacksonville, was run over by a heavy truck wagon and killed Thursday. The boy was riding a bicycle when he slipped and fell under the wheels of the truck. The driver of the team says that as soon as he saw the boy fall he applied his brakes and pulled on the reins with all his might, but it was impossible to stop the team before the front wheel passed over the boy's neck, breaking it instantly.

From January 20 to January 25th, inclusive, there were shipped from Plant City 178 refrigerators and about 25 open crates of strawberries. These refrigerators and crates carried 445 bushels or 14,240 quarts of berries. These berries were sold on the platform at an average of 16 cents a quart which shows the net receipts for the berry growers of Plant City for the week to be $2,278.40. If the season lasts fifteen weeks, and it will last longer than that this year, and if the average should hold up to the record of last week, the berry crop alone will bring to the growers of Plant City according to our figures $34,160.—Plant City Courier.

THE GUARDS MINSTRELS.

Rehearsals Now Being Held, and Show Will be Given in March.

From Wednesday's Daily Sun:

The Gainesville Guards Minstrels have been organized, and within a few weeks our people may have the opportunity of witnessing another first-class amateur minstrel performance.

The reputation of the Guards Minstrels is along high lines. A great deal of good musical talent is to be found in the company, which, together from the assistance outside, will make a fine show.

Those who comprise this minstrel are rehearsing regularly, and the entertainment will be pulled off during early March. The proceeds will be devoted towards equipping the new armory of the Guards with club features.

THE GREENS IN TROUBLE.

Colored Man and Woman Arrested by Sheriff Fennell on Serious Charge.

From Wednesday's Daily:

Acting upon instructions from the authorities of Marion county, Sheriff Fennell has arrested Ed Green and Eugene Green, the latter being the wife of Dan Green, of Anthony.

The warrant alleges that the woman eloped with Ed Green, who is a brother of the defendant. Ed Green is also married, and it is said left his wife in order to "take up" with the wife of his brother.

The parties are in jail, but inasmuch as they are guilty of an offense here, Sheriff Fennell has not yet decided whether or not he would deliver them to the authorities of Marion county.

OFF TO THE GANG.

Officer Walker Took Three Colored Men to Turpentine Camps.

Deputy Sheriff I. C. Walker left Tuesday for Ocala, having in custody three prisoners, all colored, as follows:

Andrew Whitaker, convicted of petit larceny in Justice Henderson's court, Newberry, sixty days.

Charley Allen, petit larceny, Justice Henderson's court, sixty days.

David McFall, assault and battery, Justice Colman's court, four months.

The prisoners were delivered to Rawls & Co., lessees of Alachua county convicts.

Cures Woman's Weakness.

We refer to that boon to weak, nervous, suffering women, known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Diotca*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding) due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods) arising from or accompanying an abnormal condition of the digestive organs and Anaemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which is most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, *there is no medicine to use about which there is such general unanimity of opinion.* It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Jessie Chesnut's Party.

As is her custom every year, Miss Jessie, the charming little daughter of Mr. and Mrs. John Chesnut, entertained a number of friends at the home of her parents, North Arredondo street, Friday afternoon, at a birthday party.

Little Miss Jessie, possessed of a most amiable disposition, never fails to entertain her guests properly, and the annual event is always anticipated with a great deal of pleasure by her friends. This was no exception, and those present enjoyed the afternoon thoroughly.

The afternoon was passed in games, etc., and delicious refreshments were served. At a late afternoon hour the little folks departed, wishing their clever hostess many happy returns.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
